

Senior BENEFITS PROGRAM

Information & Fact Sheet
Updated June 30, 2016

Overview

The Alaska Senior Benefits Payment Program pays monthly cash benefits to Alaskans who are age 65 or older and have low to moderate income. Payment levels depend on available state funding and how many people apply and qualify for the program. If the state budget cannot support the original amounts of \$125, \$175 and \$250, regulations allow for changes to be made for all eligible program participants. Cuts come from the highest income tier first, then the second, then the third.

The monthly payment for the highest income level was reduced to \$47 from \$125 on March 1, 2016 due to the state's limited budget for state fiscal year 2016.* The budget for state fiscal year 2017 (July 1, 2016 through June 30, 2017) allows full monthly payments of \$175 and \$250 to recipients with the lowest income. Those income payment levels will continue through the end of this fiscal year. Funding reductions in this program now must be applied to individuals in the highest income bracket. They will receive \$47 for July because the budget was not finalized in time to make changes for July benefits. Beginning August 1, 2016, individuals in that highest income bracket will receive \$76 per month based on available funding at that income bracket.

** Due to a technical difficulty changing the benefit amount for the highest income tier, some seniors who were due to receive \$47 per month in April received \$125. To compensate, those that received the incorrect amount received \$8 per month in May and June.*

History of the Senior Benefits Program	
1972 - 2003	Alaska Longevity Bonus Program. Established in 1972. Alaska residents became eligible at age 65. \$250/month was issued to seniors who applied before 1994, \$200 to those applying in 1994, \$150 to those applying in 1995, and \$100 to those applying in 1996. Payments were not available to seniors who applied after 1996. The program was subsequently defunded in 2003, and final benefits were issued for the month of August 2003.
2003 - 2004	Senior Assistance Program. Beginning September 2003, the Governor's office used its executive authority to establish the needs-based Senior Assistance program in response to the needs of low-income Alaskans aged 65 and older who were financially impacted by the elimination of the Alaska Longevity Bonus. Payments were limited to \$120/month. The program ended March 2004.
2004 - 2007	SeniorCare Program. Beginning April 2004, the SeniorCare Program was established to replace the former Senior Assistance Program. The new program was expanded to include a prescription drug benefit. Low-income seniors that passed the program's income and resource limits could choose to receive either a \$120/month payment or a prescription drug benefit. The program ended July 2007.
2007 - Present	<p>Senior Benefits Program. Established to replace the SeniorCare Program. Began August 2007; up for reauthorization in June 2018. Provides three payment levels based on the senior's gross annual income. Income limits are tied to the Federal Poverty Guidelines for Alaska and change each year as the poverty level changes. There is no asset test.</p> <p>Regulation change finalized January 2016 described how benefits would be reduced by appropriation shortfall. Due to caseload increase, the highest income level that normally receives a \$125 benefit had the benefit reduced to \$47 effective March 1, 2016.</p> <p>The budget for state fiscal year 2017 allows monthly payment of \$76 to recipients in the highest income level.</p>
