<i>Treasury Division allocates their FY2017 and FY2018 expenses based on its cost allocation plan. With more funds managed by the Alaska Retirement Management Board (ARMB), ARMB will incur a higher percentage of costs and Treasury's component costs will go down from previous years. As a result, Treasury was able to reduce its general fund level in fiscal year 2018. However, this scenario can change should energy prices return to higher levels and/or new revenue sources are identified. <p><i>This project is a strategy in the Trust's Housing and Long Term Services and Supports focus area and the Disability Justice workgroup. It is consistent with the Housing workgroup's focus on 'community re-entry' by targeting beneficiaries exiting Department of Corrections settings who are challenging to serve due to issues related to mental illness and other conditions and will require extended supervision and support services to avoid repeat incarceration and becoming public safety concerns. The purpose of the program is to provide the immediate needed housing and support services necessary to facilitate the successful transition of clients from incarceration to community care. These funds will be administered by the Division of Behavioral Health as Assisted Living Home vouchers and, in collaboration with the Department of Corrections, will provide for alternative housing placements and the immediate service needs of the clients.
