FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. HB 102

Analysis

Section 1 repeals and reenacts AS 14.20.025, Limited teacher certificates.

In subsection (a), reenacted language allows for the issuing of a limited teaching certificate to individuals who have not satisfied the requirements of AS 14.20.020(b), achievement of at least a baccalaureate degree, and the requirements of AS 14.20.022, enrollment in an approved teacher education program, but have expertise in four specific areas.

The reenacted language maintains the previous three areas of expertise (Alaska Native Culture, military science; and vocational or technical education) and adds a fourth area of expertise that would qualify an individual for a limited teaching certificate. The fourth area of expertise, (a)(4), is any subject area if the language of instruction is not English.

In combination, subsections (a) and (b) allow individuals to teach any subject in which they are able to demonstrate instructional skills and subject matter expertise, as required by regulations adopted by the State Board of Education, as long as they are teaching the subject matter in a language other than English.

Subsection (b) maintains the State Board of Education's authority to require an individual that qualifies for a limited teaching certificate to undertake academic training as specified by the board.

Subsection (c) requires that the school board of the district or regional educational attendance area to request the issuance of a limited teacher certificate to an applicant. The request must specify the subject and instructional language for which the certificate would be valid.

Subsection (d) prohibits the State Board of Education from adopting an examination requirement for a limited certificate issued under (a)(4) unless the examination is in the instructional language for which the limited certificate is valid.

Subsection (e) establishes the length of the initial limited certificate as one year with the option of extending or renewing the certificate upon request of the school board that initially requested the issuance of the certificate.
