Date: 02/23/18

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. HB 367

Analysis

The bill provides limited liability relief from damages and costs for Alaska Native Corporations that received contaminated lands from the federal government under the Alaska Native Claims Settlement Act (ANCSA). In order for a Corporation to have relief, it must demonstrate that the release or threatened release of contamination was already present on the land at the time it was granted by the federal government.

There are no additional required regulatory or monitoring efforts by the Department of Environmental Conservation to support this liability limitation. There is no fiscal impact to the Department.
