FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. SB 193

Analysis

This legislation requires some State medical assistance program recipients be involved in work activity for a minimum of 20 hours per week in order to maintain eligibility. The Department of Health and Social Services estimates that approximately 25,000 individuals will be required to participate each year.

This legislation will likely increase traffic to Alaska job centers, which may result in increased wait times for Alaskans seeking assistance with career services. There is no fiscal impact to the Department of Labor and Workforce Development as a result of this legislation.
