Subject: Testimony on Senate Bill 127 -- to repeal Senate Bill 91

I recently just finished attending The APD Citizens Academy. It's a 13 week course taught by APDs officers and staff. Each week had a different presentation from a different department or specialty unit. Ranging from day in the life of a patrol officer, to financial crimes, to the undercover unit; each unit had a very different aspect taught to us. However, there was one underlying similarity amongst the presentations, and that is how SB 91 has made their job harder, more dangerous, and the city less safe. Even as their staffing levels increase, it's not enough to counter the damage that SB 91 has done.

It's not a random pattern, it's the truth. SB 91 didn't work. It needs to be repealed.
