---

Please save the Z tag. I am what would be called "the working poor" I don't consider my self poor, but my income is low. I live debt free and do not take available welfare, (thank the good Lord). I have four old vehicles

That I use for work. I am single and can only drive one at a time. Not having to pay a tax continually on these old vehicles is a great help in keeping me off public assistance. Please consider us "working poor" and support the continuation of the Z tag program thank you very much.

Stephen N. Doner
