

To whom it may concern,

My family and I own and operate Alaska's Fishing Unlimited, Inc dba. Fishing Unlimited Lodge which has been in operation since 1976.

The lodge is a fly-out fishing lodge located in Port Alsworth on Lake Clark approximately 35 miles north of the proposed Pebble mine.

Fishing Unlimited has 8 employees and brings into Alaska every year between \$800,000 - \$1,000,000.

Pebble, and large scale mines like it are a risk to my business because it threatens salmon, trout, clean water, and the experience my clients seek.

I support any effort that will increase the protections for salmon and the commercial fishing and tourism jobs that depend on them. I urge you to be the leaders on this issue Alaskans have been asking for for over a decade.

Thank you!

Best Regards,

Martin Kviteng

Alaska's Fishing Unlimited, Inc.
