ASD: The Road to Recovery

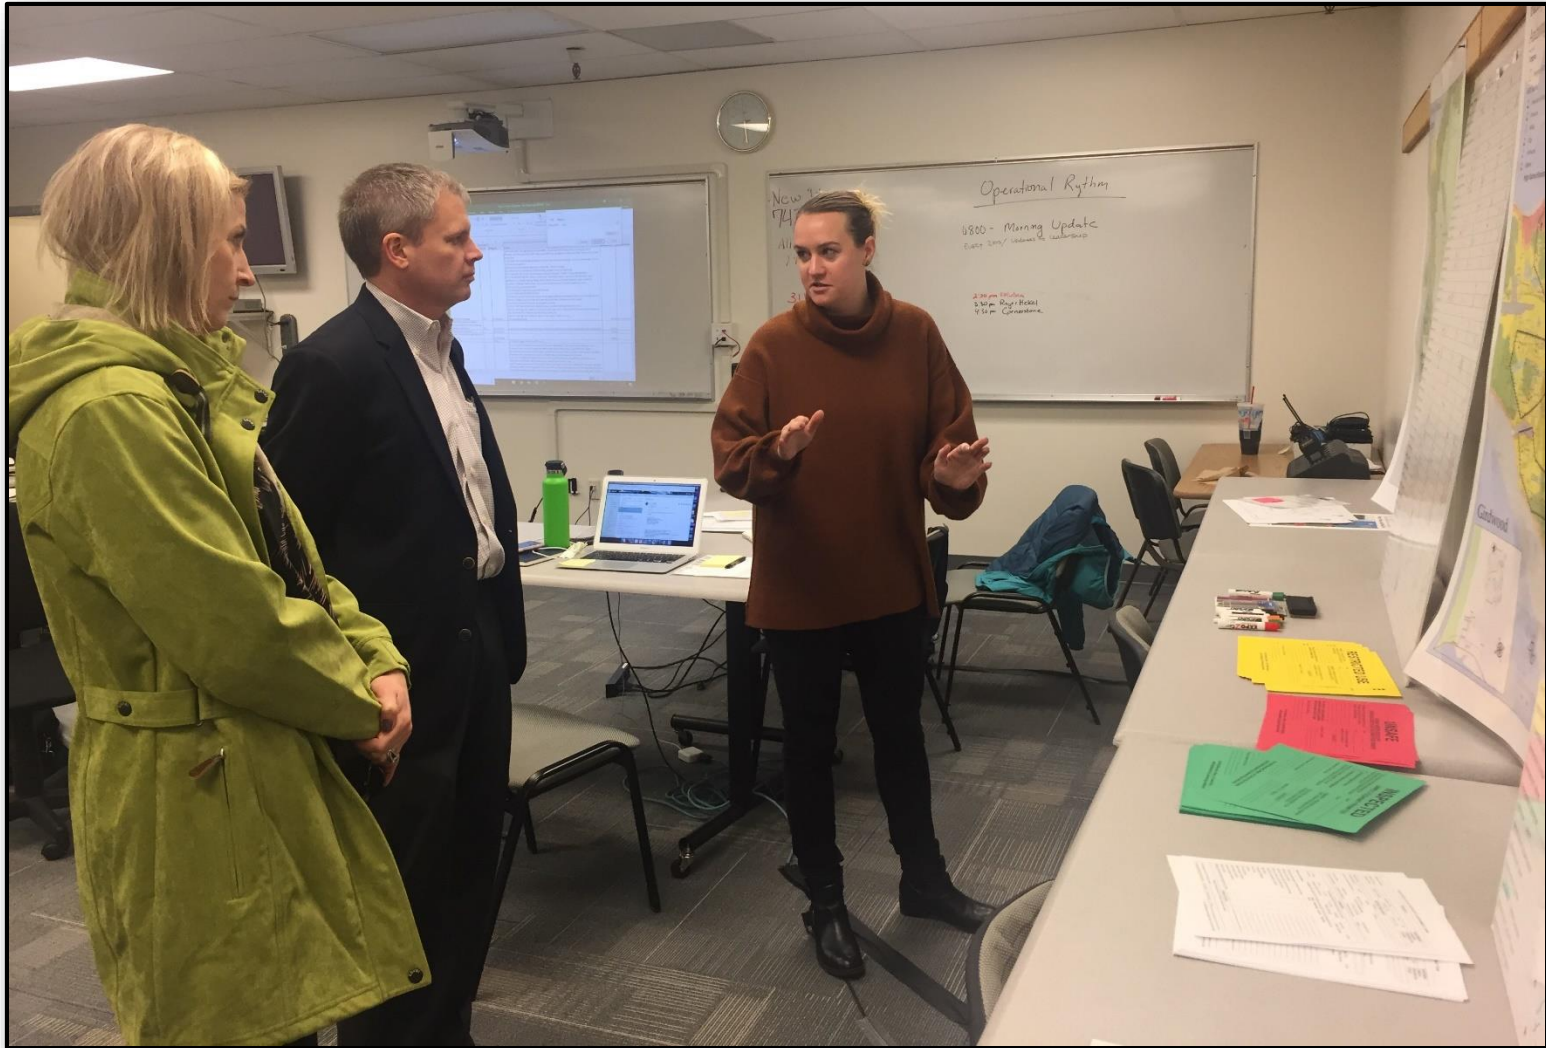

The Road to Recovery: ASD Returns to the Mission of “Educating all Students for Success in Life.”

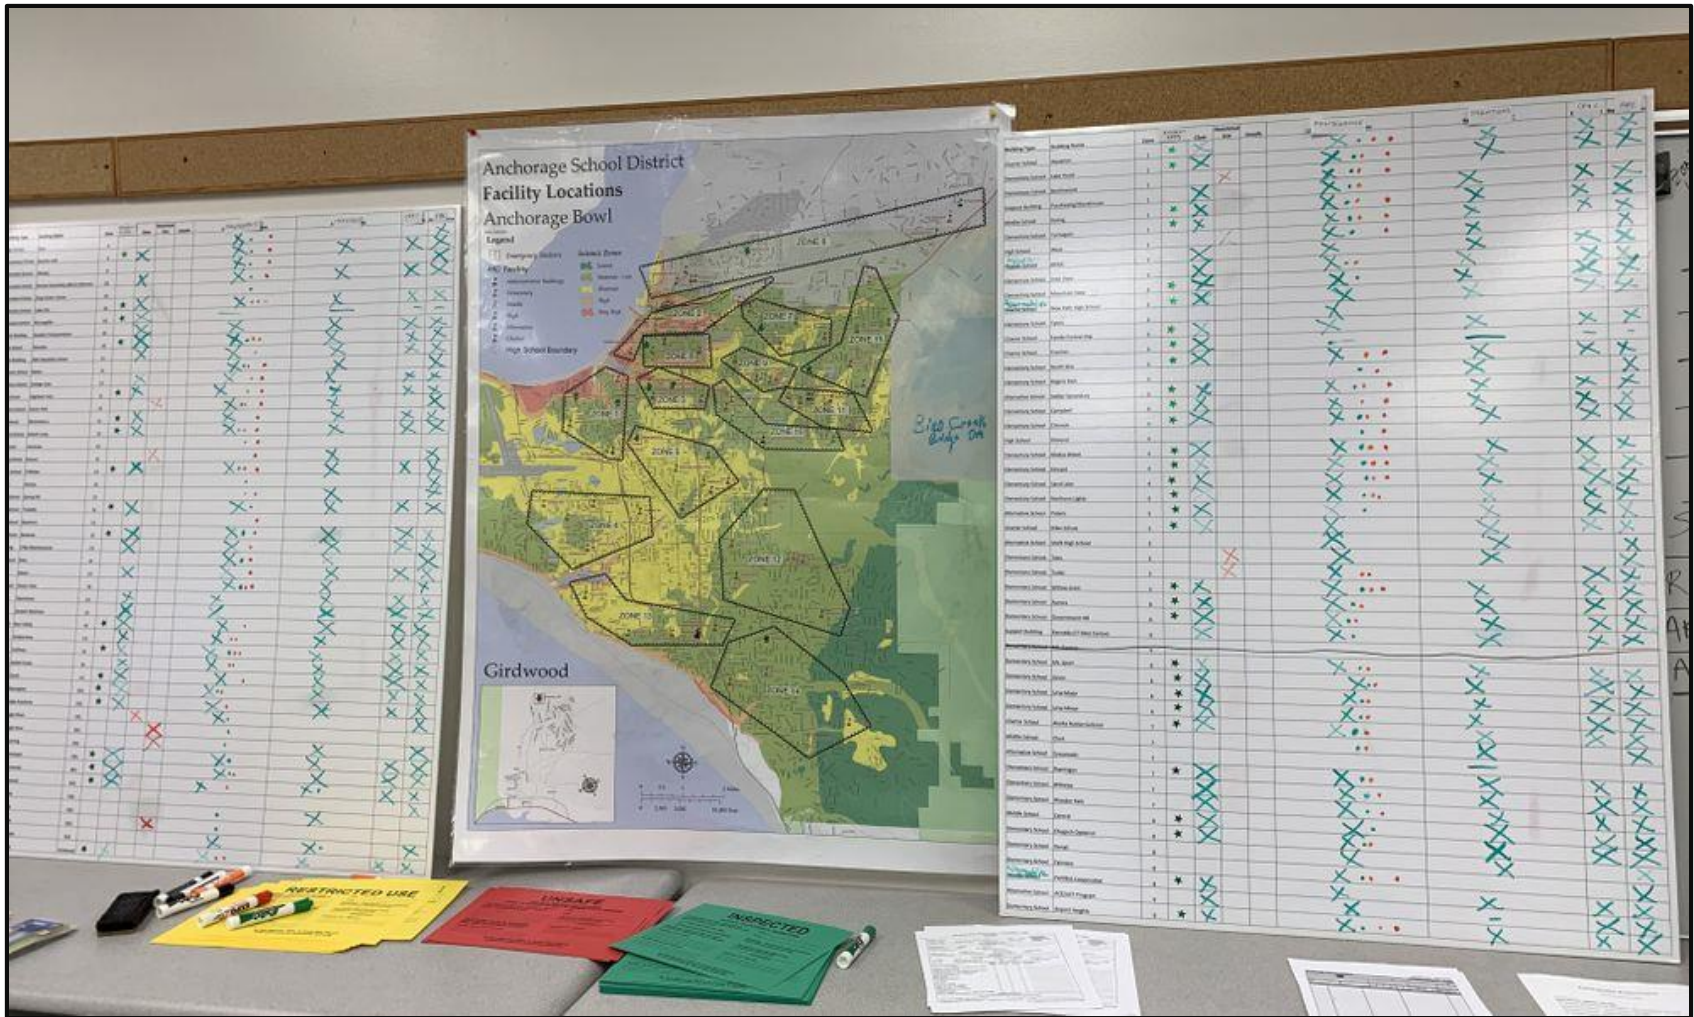

Since the 7.0 earthquake at 8:29AM on Friday morning, November 30, ASD has been assessing all 92 facilities, including more than 4,000 classroom learning spaces. We are committed to getting our schools up and running in a safe and deliberate way. Students will return to school and learning on Monday, December 10. This is a dynamic situation; ASD is sharing the city’s available resources with businesses, municipal departments, and homeowners as we all recover from Friday’s earthquake.

Damaged School Assessments

| | |
|-------------------------------|-------------------------------|
| Eagle River Elementary School | Gruening Middle School |
| Eagle River High School | Mirror Lake Middle School |
| Fire Lake Elementary School | Chugiak Elementary School |
| Chugiak High School | |
| King Technical High School | Bartlett High School |
| Dimond High School | Bear Valley Elementary School |
| Denali Montessori School | Central Middle School |
| Whaley School | East High School |

Details:

1. 7 of 15 schools in the Chugiak–Eagle River area
2. Architecture & Engineer (A&E) firms conducting structural and architectural assessments
3. Time line: Draft Project Analysis Reports (PAR) due to the District in February; final reports in March
4. FEMA/SOA DHS-EM verification of requirements/updates beginning February 4th

Post Earthquake: Costs (initial)

- **\$22.39 million** in commitments (open contracts plus items that have been ordered but haven't arrived).
- **\$5.09 million** toward invoices for repair parts received/installed.
- **These costs** are for the initial contracts that were let between 30 November and the end of December.
- **These costs** do not include the top 15 schools that are currently being evaluated by architecture and design firms.
