<p>Resume Addendum: Dear Team Dunleavy, This letter is regarding the possible future positions within the Governor Dunleavy administration. Working with the Dunleavy/Meyer campaign team was a great experience, and I want to continue assisting the governor's administration. I believe my academic training of an MBA in Finance and Bachelor of Science in Business Administration along with my skills, work experience, and volunteer experiences will benefit the state of Alaska and the administration. In my recent and past positions as tutor, professor, teacher, and executive secretary for the Florida House of Representatives I've had a wide range of duties to perform requiring many soft skills. These positions required high degrees of accuracy, confidentiality, time management, teamwork, and flexibility to work on multiple projects. In each position my willingness to tackle new challenges and positive demeanor created a goal oriented and professional work environment which aided in performing our duties. The work experiences I have make me uniquely qualified for this position. As an educator of ten years I have worked with all age groups, although most of my teaching career has been with adults. In South Korea I taught English, Education, and Business courses to teachers, local government staff, and university students. While there I got the opportunity to work for the Korean Minister of Higher Education Nam-su Seo. Working in the Florida House of Representatives as an executive secretary gave me opportunities to work with city, county, state, and federal government officials. Many volunteer experiences required me to do many duties including but not limited to reviewing proposals, making university policy, and state policy. I got this experience from volunteering at the University of Montana (UofM), Montana Office of the Commissioner of Higher Education: General Education Committee (OCHE), internship with Montana Congressman Dennis Rehberg, and candidacy for Montana House District 99. While serving on various committees for the UofM I was part of making proposals, reviewing multimillion-dollar budgets, allocating resources, and volunteering. During my three years on the Montana State OCHE General Education Committee I contributed to the creation of the new Montana General Education requirements and the successful implementation of a statewide course transfer system. These committees gave me the opportunity to learn how government and university policies are developed, executed, and how to collaborate effectively between multiple stakeholders. Please review the enclosed resume and references and consider my application. Thank you for your consideration.</p>
<p>Best Regards, Jedediah D. Cox</p>
