

ALASKA STATE LEGISLATURE

REPRESENTATIVE JOHN LINCOLN

Summary of Changes

House Bill 14

Version K to Version G

The G version changes the manner in which unwanted contact with ejaculate is criminalized. This change includes contact with ejaculate in the definition of “sexual contact”.

The change in this bill is to include “knowingly causing the victim to come into ejaculate” in the legal definition of “sexual contact” in Section 3. The bill previously spoke to only sexual assault in the third degree (former Section 2) and sexual abuse of a minor in the third degree (former Section 3).

By including contact with ejaculate in the definition of sexual contact, this bill would criminalize other types of sexual contact in addition to sexual assault in the third degree and sexual abuse of a minor in the third degree, such as sexual contact between a probation officer and a person on probation.
