Aaron Bloomquist

Copper Center, AK 99573

April 16, 2019

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Karl Johnstone is the most qualified person to be nominated to the Board of Fisheries in years. Mr. Johnstone served with dignity on the Board for many years and was one of the most open and honest Board member I have ever been around. I chaired the Anchorage Fish and Game Advisory Committee during most of my dealings with him. We represented fishermen of all kinds. We did not always agree but he ALWAYS listened and gave a thoughtful response to any issues we disagreed upon. There is no non-biased argument that holds a drop of water in opposition to Mr. Johnstone. He has always put conservation first, Alaskans needs second, and Allocated after those two criteria were met. This is exactly how a Board member should perform.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Aaron Bloomquist

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
John Clark

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerard Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I have spent my 30 year career working controversial natural resource issues, and I understand how difficult it can be to balance competing interests. I believe that the Governor's nominees will lead to a good balance on the Board of Fish.

Karl Johnstone has solid prior experience on the board, and his background as a judge will be invaluable.

I have worked with Marit Carlson-Van Dort and Gerard Godfrey for many years, and I have the utmost respect for both of them. They are both strong professionals, and understand how to successfully work controversial issues.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerard Godfrey.

Sincerely,  
Ed Fogels

The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
benjamin Ulen

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Karl Johnstone is one of the Governor's nominees that is facing opposition in Juneau from the commercial-fishing industry. As you know, he has served on the Board of Fisheries in the past, where he contributed to Board through his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. Judge Johnstone is a proven leader who possesses the right mix of credentials to bring a broad and fair perspective to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to get up to speed very quickly. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Gary Foster

With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
David Hubbard

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Gordon LaBrec

He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Sandra Guilfoyle

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

April 15, 2019

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I live in Fairbanks and I'm asking you to please support the Governor's slate for both the Boards of Fish and Game. With respect to the Fish Board, I support the entire slate, especially Karl Johnstone who brings a necessary and under-represented perspective to the BOF, notably Alaskan citizens who fish to put food in their freezers. The Board is currently over-represented by commercial fishing interests who tend to regulate in a self-serving manner, sometimes putting Alaskans last. Please keep the Dunleavy slate intact for the Board of Fish.

With respect to the Board of Game, I ask the same - keep the slate intact. I'm hearing that Al Barrette is taking some heat for being a trapper. Why wasn't there a hue and cry against the previous holder of the seat to which Al has been appointed? Nate Turner was an avid trapper, yet he didn't come under ridiculous attack like Al is. Al is a friend of mine, and I can testify that one of Al's greatest attributes is his thorough knowledge of the Fish and Game regulations, whether it is related to hunting or subsistence. He knows those regs inside and out and often is in communication with the Department of Law bringing to their attention contradictory regs or statutes, making suggestions to keep both regs and statutes in line with the Constitution. Al would make an excellent Board of Game member because of his deep knowledge of these topics that drive hunting regs. The Board lost a great member, Teresa Sager-Albaugh, whom it seemed was the most knowledgeable member of the Board of Game until she resigned some months ago. Al will fill a needed "expert" slot on the Board.

Please support Governor Dunleavy's ENTIRE SLATE of candidates for the Boards of Fish and Game. They are all great candidates and should be seated.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Karen Gordon

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Shane Pattie

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Selena Bourgeois

With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Lee Leschper

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I'm not going to copy and paste what you already know about the nominees. I want you to read what a REAL Kenai Peninsula resident has to say about sport fishing on the Kenai. IT'S BEEN LOUSY!!! The Board of Fish has NOT been balanced in previous years & favored commercial fisherman in our region. When commercial fishermen allocations were increased, it cost the sport anglers EVERYTHING! Sport fishing was shutdown due to low returns (the com guys netted them all before they could enter the river) yet while we were shutdown they only had restrictions. We need fairness. We need balance. It's absolute garbage that I can't go fish the Kenai River with my children to catch a few salmon while commercial fishermen have caught 1.3 MILLION. How has this even happened??? Because the board was unbalanced. Please consider the facts and listen to ALASKANS, not Washington State com fish permit holders.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Shannon Martin

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Scott Glover

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I support Judge Johnstone's appointment to the BOF. He was forced to resign from the BOF by Corrupt Governor Walker. Walker tried to stack the board with commercial fishermen. Walker was caught red-handed trying to force kenai adfg area biologists to grant additional commercial fisheries access when it was not in the fishery best interests. Judge Johnstone is also a very good / fair person and he deserves to be reinstated to the BOF.

I am sick and tired of commercial fisheries claiming they are feeding the world. Alaska is NOT going to sacrifice its fisheries to feed the world or pad a commercial fisherman's bank account. Confirm Judge Johnstone now and save what is left of our fisheries.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Don Johnson

Dear House Resources Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I hope you will support all of the Governors BOF and BOG appointments. These boards need to have a balance that has been lacking for quite awhile. The BOF especially has been lopsided toward the commercial side for to long. With Johnstone it will be as it should be with 3 commercial, 3 inriver (sport) and 1 subsistence. it is only fair. The Management plan for the last several years has not worked and needs to be changed. The fish numbers continue to decline, so we need a fresh approach to benefit all users both commercial and inriver fisherman. Commercial fishing is important but so is the potential 500 billion tourist industry on the Peninsula. Please fulfill you obligation's to all users. Thank you for your service.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Bill Iverson (Alaska Outdoor Council)

The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Luke Graham

Dear House Resources Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Dear House Resources Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,  
Gregory Beck
