This bill will allow a savings for the State of Alaska. It's time the State got out of the broadcasting business. Don't allow NPR to fool you. They are a very large well funded corporation. Eileen Becker. Homer AK

My name is Mike Coons, President, Greater Alaska Chapter of AMAC 200 members strong, AMAC Statewide 4,500, all conservative seniors and fully support Governor Dunleavy's budget.

I fully support HB69 which fully repeals PBS funding. Why? We are in a 1.6 Billion dollar deficit because of runaway spending by the legislature over far too many years.

Besides funds from the State, 3.5 million, funding comes from federal (through the Corporation for Public Broadcasting), local, tribal, and private entities. Pick. Click. Give. is one way Alaskans give, skimming from their Permanent Fund dividends. BTW, lower the PFD by the Democrat-Socialist, less to PBS.

We need to join the other 14 States that leave PBS to getting grants from private entities.

Do the right thing, move out of committee unlike past other Governor bills.
