## Summary of Changes

(version M to version K)

“An Act relating to funding for Internet services for school districts; and providing for an effective date.”

### Section 1 AS 14.03.127(a)

Page 1, Line 7: after “share to,” delete a minimum of

Changed in S EDU committee. It removes the minimum requirement so the 25 Mbps in in effect a “ceiling” instead of a “floor.”

Page 1, Line 10: insert **Sec. 2.**

New section added in S FIN committee. Adds conditional effective date language. This is so the Department of Education and Early Development has time to receive certification from the United States Department of Education that the new E-rate funding levels may be excluded from the federal disparity test, so it does not negatively affect Federal Impact Aid. Once certification is received the Commissioner of Education will notify the revisor of statutes.

New section added in S FIN. Effective date language. This act will not take effect until the Department of Education and Early Development receives certification from the United States Department of Education.
