Hello,

I am writing to express my opinion about the PFD. I live in Fairbanks AK, and have been in Alaska for 20+ years. I do not care if the PFD is fully funded or not funded at all! The money we make from OIL should go back into the state, to provide quality education and services to our state.

Also, when we get the PFD a portion of it (taxes) goes out of state to the federal government, it doesn't even stay in the state!!!

Please do NOT fund the PFD.

Thanks,
Cody Rogers

I am dead set AGAINST HB1005 and the wasted time that the House Democrats & Republican-democrats are taking on this PFD issue! You all have wasted the first 30 days of the session and it is high time you quit messing around and do what the MAJORITY of Alaskans want and NEED. Full PFD and inscribed in the Constitution where it cannot be used to grow MORE government.

I support HB1002. Period.

Please fully fund the PFD. For us it's not a question of education or the PFD, or crime or the PFD... it's medical bills and the ability to buy groceries or education, or medical bills and groceries or increases in spending on crime.

I never will break even with the high cost of health care for my family and provide enough food on the table without the full PFD. It's too expensive to live here. We have had to make tough choices because of your choices. It's time to let our voice be heard. My children (4 in middle and high school are 4.0 students). I hope we don't have to leave Alaska as other neighbors have done.

House Finance Committee,

I voted for Gov. Dunleavy because I agreed with his commitment to clean house in Alaska state government before increasing any government funding. I am well aware of the arguments for needing increased revenue to sustain the budget at its current rates.

However, until fraud and waste in such departments as DSHS, DOC, and Education are dealt with, I DO NOT support any budget that takes the PFD or increases taxes.

I DO NOT support Rep. Tammie Wilson's HB 1005.

I DO SUPPORT HB 1002.

We voted as Republicans in order to push Gov Dunleavy's view for Alaska. We are tired of Republicans who get voted in but do not pursue the vision that that Governor explicitly stated in his campaign. Republican Representatives, stick with the Governor's mandate you were given when we voted for you!

Frustrated Alaska citizen,

We're writing to all of our State Legislators regarding THE PFD THEFT.

First of all, Alaska residents do not have mineral rights like other oil producing states. In other states, the land owner also owns all of the oil drilled on their land. It's our understanding that the PFD was set up to compensate Alaskans because the state keeps all of the oil profits. SO EITHER STOP TAKING OIL FROM MY PROPERTY, OR KEEP YOUR HANDS OFF OUR PFD!

The PFD was illegally stolen from Alaskan's from the previous administration. And if you and the other elected officials in Juneau do not correct this terrible wrong done by Walker, then you are supporting Walker's thievery.

THE PFD MUST BE PROTECTED IN OUR STATE'S CONSTITUTION AND OFF LIMITS TO ALL GOVERNMENT SPENDING, IT IS THE PEOPLE'S MONEY AND NOT YOURS TO USE!

WE DEMAND YOU RETURN ALL OF THE MONEY THAT WAS STOLEN FROM THE PEOPLE OF ALASKA BY WALKER!
AND WE DEMAND THAT ALL PFD'S ARE PAID IN FULL EVERY YEAR WITH NO CHANGES TO THE CALCULATION!

P.S. One Alaska State Senator answered my email earlier this month trying to tell me how the PFD was started. He incorrectly described what used to be called the "Longevity Bonus" which has nothing to do with the "PFD". The following was my answer to him.

You are explaining what used to be called the "Longevity Bonus" but that has nothing to do with the "PFD". This is not what the creators of the PFD intended. You have found a loophole that seems to be allowing you and the other crooked politicians in Juneau to take what it not yours. "Worthless Walker" started the ball rolling, and the rest of you jumped right on the greedy money grabbing bad wagon with him. I've never been so ashamed of my state government elected officials in all the years I've lived in Alaska. Of course the court ruled in favor of Walkers PFD Theft; he knew who to pay off to get his hands on the people's money. This once great state is now being run by money grabbing crooked politicians. So very sad.

Keep your grubby mitts off the PFD! It was set in place so YOU, THE LEGISLATURE wouldn't squander it as you have other monies in the past...especially during the Walker Debacle!

Leave the well-thought-out formula in place.

CONSTITUTIONALLY PROTECT IT so we, the Citizens of Alaska, don't have to go through this every year! It worked perfectly fine for DECADES...BEFORE YOU CAME ALONG!!!

The PFD is the people's share of state resources! The state already gets 75% of the money from those resources! Why should the state get more of the people's share when they can't stop over spending!

LEAVE THE PFD ALONE! It's preformed better than social security because it has been left alone.

If the state needs more money then justify a tax. Make it a percentage that all residents pay equally. Better yet tax non-residents first.

To whom it may concern,

I will never support a bill that allows politicians access to **ANY** of the Permanent Fund Dividend monies!!! It was not set up in the first place to pay for any government. It belongs to the people of Alaska!! Return the PFD payouts to the original formula that was written and then **LEAVE IT ALONE!!!** I did not vote for any representatives to attempt to **STEAL** my dividend or anyone else's for that matter!!

Some suggestions are; cut your spending, take a pay cut (like the rest of us in corporate America), cut your per diem's, cut your budget for redecorating your offices and stop with all the pet projects that you all keep funding to make yourselves look like you are actually doing your JOBS!! *Your spending is out of control!!!!* You threaten us with no police protection, no education for our children and no maintained roads to drive upon if you don't get our PFD money!! **Total propaganda!!**

I do not support HB-1005 in any shape or form.
I will support HB-1002.

PFD History.

Shortly after the oil from Alaska's North Slope began flowing to market through the Trans-Alaska Pipeline System, the Permanent Fund was created by an amendment to the Alaska Constitution. It was designed to be an INVESTMENT where at least 25% of the oil money would be put into a DEDICATED FUND FOR FUTURE GENERATIONS WHO WOULD NO LONGER HAVE OIL AS A RESOURCE. As of the end of 2016, the fund is worth nearly \$55 billion that has been funded by oil revenues. This money BELONGS to ALASKAN'S. It has been being misused/stolen by the legislators and Gov. Walker. We ALASKANS want our FULL Permanent Fund Dividend back NOW and in the FUTURE. I support HB 1002 to pay the FULL PFD with NO future cuts.

You have been elected BY the PEOPLE to uphold our laws, not make new ones that give government the power to take advantage of the people! If you want to do this right, put it to a vote, or better yet... Just give the PFD to the PEOPLE as it was originally intended.

As long time Alaskans who were in Alaska when the first PFD was distributed, we would like to go on public record as stating we are opposed to any disruption to the original intent, calculation, distribution and regulation to the Alaska Permanent Fund Dividend and it is our wish that our elected officials adhere to the will of the people who voted them into office. i

Further, it is our belief that our elected officials are trying to use a short-sighted, easy approach to balance the budget and are doing so against the mandate that elected our current administration, who ran on a platform of protecting the PFD.

The PFD is not an entitlement, it is not a loan and its alteration is not at the discretion of unimaginative legislators who are only seeking easy answers while in office for their terms.

We would like our legislators to understand loudly and clearly that the people of Alaska are in control of this state, not them. As the past administration learned, the people will not tolerate thievery of public funds. No legislative body has the right or authority to override the will of the people and without a vote by the people. If you cannot respect the will of the people, the people may well decide to initiate steps to legally remove you from office and elect officials who respect the will of their constituents.

Thu 5/23/2019 4:36 PM

To: House Finance <House.Finance@akleg.gov>;

Dear House Finance Committee Members,

We as Alaskans are fortunate that we have spent the past several decades without a state income tax. Continuing to payout the PFD to residents of the state of Alaska in addition to this convenience is both irresponsible and a blunder to the state. For many households across the state, the PFD would amount to a significant amount of their annual Federal income tax owed. All Alaskans must claim the PFD income on their Federal returns. Continuing to fund the PFD, and a full PFD at that effectively sends real Alaskan dollars outside the state never to be invested in the services or needs of the state and its residents.

Please consider changing the formula of the PFD by removing the payout to individual residents altogether for the sake of the state and its people.

Thank you.

Don't wave a carrot in our face, Alaskans aren't stupid!! Get your spending under control before you steal our money! The PFD was never meant to be touched like that!! You spend ALL of yours , now you want to steal from us. Do not make up a new formula that allows you to steal from the people!

Cut back and balance a budget! Do an income tax, fair for everyone! The 3,000 you are enticing us with isn't yours to give! It is OURS!!!

Members of the House Finance Committee,

This bill is a violation of trust and a continued expression of fiscal irresponsibility. The legislature's inability to live within the confines of the purpose of government has lead to behavior that most would define as criminal. Jail time outside the state of Alaska would be appropriate for the white collar crimes you have chosen to engage in that continue to haunt the good people of Alaska.

I DO NOT support this bill.

To Whom It May Concern.

I am writing you today about the disturbing news that is going around about the Legislators essentially filibustering the Governors purposed budget just so the Legislator can prove they think they know whats best for the state. I am here to tell you that just because you were elected to represent your districts does not mean you know better than the constituents that elected you into office, you must listen to the people of the state and your district and use our guidance in your decision making process. To play out the budget decision until July and possibly causing the state government to shut down would be epically mis-representing our state and quite frankly erroneously egotistical.

The people of this state elected our Governor on the platforms he presented to us and regardless of your positions I believe you have a lawful duty to listen to the people of this state and work with the Governor to accomplish his goals he has set out to achieve. Your willful disregard of the state spending just to create a government that is far to large for a state of our population must stop and this Governor is trying to do that, do not filibuster our budget and cuase more harm to our state. Do your jobs, past the budget, give us our PFD's and take your cuts as the Governor has proposed

Sincerely

Scott Mullen

The issues concerning HB 1005 are backhanded to say the least. Acting like you are granting the public a favor by paying a full PFD and in return deserve to permanently change the formula is a joke. Leave the formula as is, and don't think for a second you're fooling people by making the comment period during hours where your everyday person is ACTUALLY working for a living and then turn around and use the lack of comments as a justification that the public is behind your theft.
