

Oppose HB 1005

Meghan Nelson <timegnelson@gmail.com>

Thu 5/23/2019 9:08 AM

To: House Finance <House.Finance@akleg.gov>;

Categories: Lynn

I am writing in opposition of HB1005. The state needs to honor the existing statute and continue to give the Alaskan people their share of the earnings. Any cut to the PFD is a regressive tax on the poorest among us. The legislature, in trying to rewrite existing law and claim more of the earnings is foisting the lions-share of the government costs onto lower and middle class residents.

Cut the budget and quit irresponsibly spending money. If more revenue is absolutely necessary, after cutting the budget, apply a tax that more evenly draws from the economy (a flat tax or sales tax).

Lastly, please give more advanced warning in the future so that all Alaskans are given an opportunity to comment on impactful bills such as this. Most Alaskans oppose the PFD raid, but the short notice given for public comment might lead you to believe otherwise as it narrows the scope of who can call in.

In conclusion, I support the preservation of the existing PFD formula (see HB1002) and STRONGLY oppose HB1005.

Sincerely,

Meghan L. Nelson

Good morning Sirs and Madams,

I am writing you this morning to express my support for Alaska Bill HB1002.

I believe that the People of Alaska have a right to the full dividend payment based on oil revenue as historically performed.

The creation of the Permanent Fund was a wise investment by the people of this State, and the subsequent initiation of the dividend was equally beneficial. It gave and still gives residents incentive to be aware of and involved in the growth and stability of our State's economy.

Moreover, it offers residents financial assistance to help pay for the disproportionate cost of living expenses here.

Lastly, I believe that the People of Alaska are better equipped to manage the PFD in the way that maximizes the benefit to the State. I fear that if the PFD continues to be retained directly by the State, the majority of the benefit to the majority of Alaskans will be lost.

Save the PFD for the People of Alaska!

Thank you for hearing my input.

Sincerely,

Hayden Maxwell

House Finance committee members,

I am opposed to HB1005. It is a wolf in sheep's clothing. No changes to the Permanent Dividend Fund without a vote of Alaskans. The Permanent Dividend Fund is owned by Alaskans. It is Alaskans royalties from shared mineral and resources rights. Taking an owners resources is theft. Follow the current statute. Again I am opposed to HB1005

I am in support of HB 1002, HB 1003 and HB1004. Restore our unpaid royalties and follow statute. It is SHALL not may.

Thank you ,
Francesca Allegrezza and Family.

I would like to encourage that 1002 would pass, to allow Alaskans the full pfd. We need to quit spending more than we take in- budgeting 101. Taking the pfd won't fix this issue in the long run- it will only encourage more spending. The money given to the people is almost 100% put back into Alaska's economy at some point, supporting local businesses and people.

Thank you,
Alyssa goulet

To: House Finance <House.Finance@akleg.gov>;

Categories: Lynn

HB1002 needs to be passed with no PFD cuts. The PFD has been taken from the people illegally for the past few years and it needs to stop.

It must go to a vote by the citizens prior to any attachment for funding anything else.

Thank you.

Ok, you guys need to get your act together and do something for the **PEOPLE** of Alaska, who **DULY ELECTED** you to do a job, which you are not doing. If you guys were getting a grade right now, most of you would get an F.

Learn to budget, the bank is closed. Quit spending on your special interest crap, and quit playing games. If you cannot do your job, then quit and let someone who wants to, do your job.

The PFD helps many Alaskans, In many many ways. If you do not need it, then donate yours to a good cause. Help out someone less fortunate. But way to many people need this money for winters. For medical bills, for many things they other wise would struggle for.

Over all, you guys should be ashamed of yourselves for what you are doing. Or not doing. No More Games.

We continue to the games and political posturing of the House Majority. I'll be direct:

Do pass HB1002!

Do NOT pass HB1005!

So far, the House has not made a serious attempt to reduce the budget. We are still waiting.

Permanently reallocating 3/4th of permanent fund revenues to support state government is NOT acceptable!

We, the members of the Greater Alaska Chapter of AMAC Action, numbering 200 plus (Anchorage and Matsu Valley) and we are sure the vast majority of the 6,200 AMAC members statewide, oppose the slight of hand that the House Finance Committee is doing with HB 1005

The Permanent Fund Earnings Reserve is where the PFD is paid from, period! To take less than is needed to pay the full PFD as properly calculated by the PF Commission, and then pay the remainder from the Constitutional Budget Reserve (CBR), which is to be used for emergencies to balance the budget in times of need is OUTRAGEOUS!

We disagree with the Supreme Court but sadly, for now we have to live with it. Thus, the Legislature must follow the rules as to determining from the Commission what the total cost of what we should be getting under the formula and then appropriate that exact amount from the Earnings Reserve ONLY!

We see that this is not just a slight of hand by the Democrat-Socialist and RINO controlled majority but a hope that the Governor will veto because this is so wrong and in violation of statute and the intent of the Permanent Fund!

We call on members of the House Finance Committee to fully fund the PFD from the Earnings Reserve and the Earnings Reserve ONLY and to remove

Section 2 of this bill entirely and any other language in Sections 3 & 4 that would relate to Section 2! Of course readjust Section 1 for full PFD costs and appropriations!

We also call on the Senate Finance Committee, if this outrageous action is passed by the House, to remove Section 2 of this bill entirely and any other language in Sections 3 & 4 that would relate to Section 2!

Mike Coons
President, Greater Alaska Chapter, AMAC Action

House Bill 1005

Ken Gallagher <benevolentleo@gmail.com>

Thu 5/23/2019 7:38 AM

To: House Finance <House.Finance@akleg.gov>;

, Categories: Lynn

Do NOT support this terrible bill.

Follow the original pfd formula that has been on the books for years.

To take half the public pfd for a few years, then offer a full pfd as the formula calls for only to change the rules and take half in perpetuity going forward is a theft and is only another example of government spending that is out of control.

'And to have the meeting at a time when most employed people are working is a shameful thing, that I think shows you don't want or care about honest feedback.

Alaskans have a pfd because the state wanted all subsurface mineral rights and the pfd is how Alaskans get a share of the dividend that is owed to them for giving the state the subsurface mineral rights.

Vote no in this bill. Keep the pfd formula the same as it has been decades.

I am against HB1005!!!

I am for HB 1002!

The PFD was just fine how Governor Hammond set it up!

It is time to sweep anyone out the door that allowed Alaska to get into this deficit! It is due to them passing a "budget" then later approving more spending over and above the budget! Alaskans should NOT be penalized because of our legislators that caused this situation!!!

The spending problem will NOT be fixed by raiding the PFD!!! We still will have the same spending/budget problem!!! What will be done then? I have not heard anyone address this topic properly. We couldn't trust our legislators with budget monies, so why would we throw more money at them to squander and put a bandaid on the root problem.

The timing and poor time to respond to this HB 1005 is a horrible injustice to Alaskans! Whoever orchestrated this should be penalized or kicked out of office !!!

I am writing to give my full support of HB1002 to protect the PFD in it's current structure. And I am appalled by what is being proposed under HB1005 that steals money from the citizens of Alaska who heavily depend upon it. Your budget process is out of control. Taking any portion of the PFD is expecting the less fortunate, low income earners, and children to pick up the tab on your inability to address real budget reductions.

I am thankful that my representative Sarah Vance is fighting hard to protect the PFD and keeping it sustainable for me and my family.

I am opposed to those legislators who want to play word games to change Alaska rules/laws regarding the PFD so they can support their special agendas and interest groups without regards to the NEEDS of our state and people. Increased education spending is NOT improving children's ability to survive in a complicated world without discipline and that includes reduced government spending. It saddens me to think that morality is lost to greed and power. Why bother to vote anymore if this is your game plan?

Subject: Follow the statutory PFD formula.

Please follow the statutory PFD formula and if new revenues are needed do not tax the PFD. The state can live within its means and should cut the budget. Taxing the PFD has the greatest negative effect on the Alaska economy and proportionally hurts

lower income Alaskans and families. If new revenues are needed they should be brought to a vote of the people. I support Governor Dunleavy's proposed constitutional amendments and will be paying attention to how you vote. Remember your constituents are in the interior and not the lobbyists in Juneau.

Sincerely,

Robert Piser

Pretty sick of the games. This caucus, with its RINO members is trying to play a bait and switch. We don't just want our full pfd this year! We want it as it was meant to be permanent. I am sick of Rep. Edgmon trying to steal my mineral rights payment! Trying to fake out the public who are busy with lives and jobs by saying out front this year full dividend but hiding the fact that you want to change the fundamental formula that has worked for decades is beyond deceitful. You really should be ashamed. And all this oh the poor children will suffer. Well they won't if they get there PFD! Why are you so hell bent on taking our money! Oh I know its easier to steal from every single citizen than balance the budget. I know it's hard because I have to balance mine and live within our means. You are acting like the meth head tweekers that can't see beyond they're next fix. You are costing the state millions. I believe Rep Eastmon has introduced 3 bills that are way more in line with the rights of the people.

Co-Chairs Wilson and Foster,
Regarding HB 1005

Putting this bill forward indicates you may not have a clue how pissed off Alaskans are at your process. While you may not have a direct hand in the 109% increase of government from 2006 to 2015, you certainly have had a feckless hand in addressing a budget out of control.

Taking any portion of the PFD is expecting the less fortunate elders, low income earners, and children to pick up the tab on your inability to address real budget reductions.

Personally, I am disgusted with your financial arrogance. Allow me to articulate your financial stupidity.

Currently, we have 53 separate school districts in Alaska. If you subtract Anchorage School District, Mat-su and North Star, you have 50 separate school districts for 25% of a very small student population. Ray Charles could see this problem.

Pass this legislation and I will work tirelessly with Alaskans across Alaska to ensure your legislative retirement. Start representing Alaskans not your special interests.

One pissed off Alaskan of many

Keep full PFD with HD1002. No cuts.
Let's get this finally done.
