I am writing in support of HB 79. I am a Firefighter in Anchorage and I have seen good qualified people get trained by us and leave the state for a defined benefit plan somewhere else. Public safety needs HB 79 to keep qualified law enforcement and FF in our state. We have such a small pool to draw from already, I hate to see us loose people because of a lack of retirement plan. It is time to make a change. We have tried it with out and discovered it isn't working, lets do the right thing in Juneau and keep good public safety on the streets around the state.

Thank you
