RE: HB 96: PIONEERS' HOME AND VETERANS' HOME RATES

We, the undersigned, support HB 96, and its goal of establishing a stable rate structure for the Pioneers' and Veterans' Homes. Under this bill the rate increase, depending on a resident's level of care, is between 20% and 88% of the current rate. By contrast, the proposed rate increase by the Department of Health and Social Services for the coming year is between 40% and 140%. This bill sets rates by statute and regulates increases, thereby ensuring stability of rates into the future.
