The Skagway Brewing Company supports Senate Bill 52. It is the product of eight years of stakeholder engagement, with meaningful improvements for public health, public safety, and all three tiers of the industry. The BGA and CHARR worked this past year to come to an agreement, so that both entities can fully support SB 52. Language has been drafted that addresses entertainment, operating hours, and creates a more balanced and healthy industry. We would ask legislators support these changes.
