Senator Shelley Hughes

Senate District F—Palmer, Chugiak, Peters Creek, Eklutna, Fairview Loop, Gateway, Butte, Lazy Mountain

SB 113 – National Board Certification

Sponsor Statement

SB 113 represents a commitment from the legislature to elevate the quality of the teachers and the prestige of the teaching profession in Alaska in order to promote improved student learning and academic achievement.

National Board certification is reserved for educators who voluntarily undertake, and successfully complete, a rigorous certification process administered by the National Board for Professional Teaching Standards. The certification process is recognized as an invaluable learning experience for educators that results in improved student outcomes. In Alaska and across the country, National Board certification is considered the gold standard of professional development for teachers.

Certification by the National Board is an indicator of teacher quality. Many studies have concluded that National Board-Certified Teachers (NBCTs) are more effective in the classroom and that students of NBCTs have better academic achievement.

By having public schools display the name of each NBCT who teaches at that school, SB 113 will inspire other teachers to receive this esteemed certification, will impart to the community and school the value of NBCTs, and will celebrate the hard-earned accomplishments of these recognized teachers.

SB 113 also sets the goal that four percent of public-school teachers in Alaska will be National Board certified by 2025 — which would nearly double the current number of NBCTs and assist with improved student outcomes in our state.
