* Counts of Medicaid enrollees based on dates of service by region will not match those shown on the Medicaid dashboard because these are annual unduplicated counts rather than monthly counts.
Source of enrollment data used to generate this table does not account for geograpic information on the individual if missing at time of enrollment.

Explanation of Terms:

Annual Unduplicated Enrollment Based on Dates of Service = Count of individuals enrolled in Medicaid at anytime during the fiscal year.

Average Monthly Enrollment Based on Dates of Service = Average number of individuals enrolled in any month during the fiscal year.

Average Number of Months Enrolled Based on Dates of Service = Average number of months an individual was enrolled in Medicaid during the fiscal year.

Annual Unduplicated Recipients Based on Dates of Service = Count of Medicaid enrollees with at least one Medicaid claim (for a positive $ amount) during fiscal year.

DOSAnnual Enroll by Reg by Type
