### **2. Community and Regional Affairs**

#### **Operating Budget (CCS SSHB 39)**

*It is the intent of the legislature that the Department of Commerce, Community, and Economic Development submit a written report to the co-chairs of the Finance Committees and the Legislative Finance Division by October 1, 2019, that indicates*

*(1) the amount each community in the state that participates in the National Flood Insurance Program has paid into the program since 1980, the amount that has been paid out of the program for claims, and the average premium for a home in a special flood hazard area;*

*(2) for the top five states that have received more in funds paid out than premiums paid into the National Flood Insurance Program since 1980, the amount paid into the program, the amount of claims paid out of the program, and the average premium for a home in a special flood hazard area; and*

*(3) the number of properties in each community in the state that has been added to a special flood hazard area through mapping efforts by the Federal Emergency Management Agency since 2010.*

The Department of Commerce, Community, and Economic Development (DCCED) worked with the Federal Emergency Management Agency (FEMA) to gather the information requested by the Legislature. FEMA was unable to provide responsive data to DCCED in time for the October 1, 2019 deadline to be met, however, the report was provided on October 28, 2019.

### **3. Statewide Addiction Treatment Facilities Capital Matching Grants**

#### **Capital Budget (CSSB 2002(FIN))**

*It is the intent of the legislature that the Department of Community and Economic Development administer capital matching grants to Alaska organizations committed to building new addiction treatment facilities throughout the state. These grants will match local and private contributions to the maximum extent possible while increasing the number of available addiction treatment slots in the nine regions identified by the DHSS 1115 waiver application.*

The Statewide Addiction Treatment Facilities Capital Matching Grants appropriation was vetoed by the Governor. With no funds available, DCCED was unable to administer the program in accordance with the Legislature's intent.
