2/21/2020 6:02:57	jburgess@nomeschools.org	Jamie	Burgess	District Superintendent	Nome Public Schools	I support HB 236 - Increase the Base Student Allocation	Flat funding over the last four years has necessitated cuts. An increase in the BSA would allow us to keep class sizes low and provide competitive salaries for staff.

2/21/2020 6:25:09	angermanak@gmail.com	Aaron	Angerman	School Board Member	Wrangell Public School District	I support HB 236 - Increase the Base Student Allocation	For years, the BSA has remained static while the cost of educating our kids has increased. The BSA is long overdue for an increase to keep pace with rising cost doing business and employing staff.

The cost of things is rising yearly and with that should be the base student allocation. It should be set to rise with costs.

We are closing achievement gaps. Because of local contribution cuts and the ferry fiasco, we may have to lose staff. State support is constitutional.

Costs have increased, but funding has not, when this happens we have to cut where it effects students. Small districts are not admin heavy.
