FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2020 LEGISLATIVE SESSION**

BILL NO. HB 301

Analysis

This legislation amends standards for issuance of a "certificate of fitness" license (COF) for a journeyman electrician or plumber to require proof that the applicant has successfully completed an apprenticeship program approved by the department or an apprenticeship program equivalent to a program approved by the department. This will require the department to establish regulations to identify the required elements of an approved apprenticeship program or equivalent. The bill also amends the law to allow an applicant for a COF to qualify through verification from a union that the apprenticeship requirements have been met.

The proposed legislation is not expected to have a fiscal impact. Changes to regulations will be combined with planned regulation updates, so additional budget authorization is not needed.
