

On March 27, 2020, Congress passed the federal act known as the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). This Act includes funding for a variety of State agencies for the response and mitigation of the public health crisis. It is anticipated that this will be an iterative process, with numerous additional items forthcoming as funding opportunities arise. This package, originally introduced on April 21 and revised May 1, addresses known federal relief received by the State. Other items such as homeless grants, housing programs, and broadband grants will be put forward as additional federal guidance becomes clear.

COVID-19 Response Fund (CRF) Distribution

This funding is provided to the State for items that “are necessary expenditures incurred due to the public health crisis with respect to the Coronavirus Disease 2019 (COVID-19).” Expenditures of the Coronavirus Relief Fund are constrained by guidance released by the US Treasury on April 22.

Commerce – Direct Municipal Relief (\$568.6 million)*:

- Funding is allocated using a combination of quantified economic activity metrics – such as retail, hospitality and tourism, regional commercial fishing, and other measures of commerce activity – and population as distributed through the community assistance program. Provides communities with the resources needed to respond to first and second order impacts of COVID-19.

Commerce/AIDEA – Small Business Relief (\$290 million)*:

- The Department of Commerce, Community & Economic Development (DCCED) through the Alaska Industrial Development and Export Authority (AIDEA), will bolster the existing Sustaining Alaska’s Future Economy (AK SAFE) program and other programs that will provide support to struggling small businesses throughout the state.

Health – Non-Profit Support (\$50.0 million):

- Basic essential human services, including, but not limited to: soup kitchens & food banks, non-residential emergency shelters, religious non-profits, homeless shelters, clothing items, and other entities supporting social welfare. No RPL is required as the Department of Health and Social Services (DHSS) has adequate authorization to accept federal receipts.

Health – Health-Related COVID-19 Costs (\$331.4 million)*:

- Support ongoing response and mitigation efforts with federal receipts and maintain a contingency for potential unknown impacts. No RPL is required as DHSS has adequate authorization to accept federal receipts.
