Subject: DOT&PF follow-up info for 3/20/21 House Transportation Committee meeting

Greetings All:

The committee received the following response from DOTPF yesterday ([begin quote](#)):

During Saturday's (3.20.2021) House Transportation Committee hearing, Representative Hannan asked the following of DOT&PF:

- 1) While AMHS was covering the Ketchikan to Hollis route, what was the fare box recovery rate; and
- 2) how much revenue did the system lose on that route due to IFA's take-over?

Unfortunately, the department is unable to provide the requested information.

- 1) AMHS does not have the route specific data necessary to determine the fare box recovery rate for AMHS service between Ketchikan and Hollis **prior** to the Inter-Island Ferry Authority's (IFA) assumption of that service.
- 2) AMHS does not have sufficient IFA ridership or operational cost data to speak to IFA's revenue for this specific service route. (end quote)

Please let me know if I can be of further service in this matter. The department's response will also be uploaded to BASIS.
