FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION**Analysis**

This bill establishes a new home and community-based waiver service (adult foster care) and a new residential setting (adult foster care home) in which that service is provided. The bill requires the state to develop policies in support of individuals who were in child foster care and eligible for home and community-based services by providing support for these individuals after they turn 18 through adult foster care, to include payment for the cost of care, and to allow the individual to receive other supportive services. The bill requires the state to develop a licensure process for adult foster care homes for individuals who are eligible to receive home and community-based waiver services, and to streamline the licensure process for individuals who have operated a child foster care home for these individuals upon their reaching adulthood.

The Office of Children's Services (OCS) licenses child foster care homes. To receive Medicaid payment for Family Habilitation, the provider must be licensed by OCS for child family habilitation or the Division of Health Care Services Residential Licensing section for adult family habilitation. In order to add a new license type called *Adult Foster Care* to AS 47.32, it may mean there will be more homes to license and oversee for the Residential Licensing unit of the Division of Health Care Services. Regulations currently do not exist for this license type and work will be required prior to the service being offered.

Financial Breakdown

The Division of Health Care Services will need one Community Care Licensing Specialist I to license approximately 40 new providers in the first two years. Licensing regulations will need to be revised.
