Dear Representative Fields:

Thank you for introducing HB 137 which would at least require some public process before closing a State agency that greases the wheels of the economies of the many towns and villages of the lower Kenai Peninsula. Unfortunately, and perhaps in retaliation for the bill, our local DMV office was closed last Friday. What a mess! There is no cost savings for this closure - it is my understanding that Homer always posted a healthy profit for the State of Alaska.

Thank you.

Ken Castner, Mayor  
City of Homer

Dear Rep. Fields

I support and hope you pass HB 137.

Thank you,  
Molly
