Subject: Re: SB-71

Dear Click,

I understand that SB-71 was on the agenda at yesterday's Senate Finance Committee meeting, however, I was attending another meeting at the same time and could not call in to testify.

As you are already aware, this is a bill that I fully support and I am writing again to help in keeping it going forward.

Please, in any of your meetings or conversations regarding this issue, help to advance the bill to final passage.

Your work on behalf of Alaskans is very much appreciated.

Sincerely,
June
