FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BILL NO. SB 81

Analysis

This bill amends AS 12.62.400(a) to authorize a fingerprint submission to the Department of Public Safety (DPS) for a state and national criminal history check for employment as a Village Public Safety Officer (VPSO) under AS 18.65.672 or certification as a VPSO under AS 18.65.682. It also amends AS 18.65.080 by adding a new subsection for DPS to investigate an individual who applies for employment as a VPSO under AS 18.65.672, or certification as a VPSO under AS 18.65.682, to determine whether the individual has been convicted of a disqualifying crime under AS 18.65.672(b).

This bill will increase the number of entities potentially submitting requests for fingerprint-based background checks to DPS. Receipt of state and national criminal history information requires the receiving entity to comply with the Federal Bureau of Investigation (FBI) Criminal Justice Information Services (CJIS) Security Policy which requires physical and logical security measures, biennial training, and auditing the agency for compliance to the policy.

The bill requires DPS to perform a background investigation on any grant applicant with access to unencrypted criminal justice information, develop a user agreement with each agency participating in the VPSO program, provide biennial security awareness training to all participants, and conduct biennial audits with agencies receiving or accessing criminal justice information.

Should this bill pass, DPS would need two additional positions to fulfill these duties: one Criminal Justice Specialist to audit and train, and one Criminal Justice Technician to process the fingerprint-based background checks. Annual personal services costs for the two positions is estimated at \$182,000 with associated initial start up costs, travel and supplies. Estimated travel costs will vary each year depending on the number of agencies being audited.
