FISCAL NOTE ANALYSIS

STATE OF ALASKA 2021 LEGISLATIVE SESSION

BILL NO. SB 42

Analysis

This bill creates four new programs: an early education program, a comprehensive reading intervention program, a school improvement reading program, and a virtual education consortium. **This fiscal note addresses the early education program.**

The early education program, created under AS 14.03.135, is approved by the Department of Education and Early Development (DEED) and funded by the state through a three-year grant process. Once those districts have completed the three-year grant cycle and DEED has determined the early education program complies with the adopted standards as created by the State Board of Education and Early Development, then those programs may be eligible for 1/2 the full-time equivalent for average daily membership (ADM) funding under AS 14.17.410. Foundation funding would only be provided to those districts that are not already receiving early education funding by another state or federal program.

The current pre-kindergarten grant counts, as provided by the Division of Innovation and Education Excellence, were used in calculating anticipated foundation funding. Half of the average cost per student was used as a multiplier for purposes of this fiscal note. This number was derived by using the projected FY2021 State Aid Entitlement of \$1,208,042,082 and dividing it by the total ADM projected at 128,923.91 to arrive at \$9,370. The average per student cost was then divided in half to arrive at \$4,685, so as to be in alignment with the language added in AS 14.17.500(d).

The district's pre-kindergarten students can transition to the foundation formula after completing the three year grant process. Therefore, the first approved pre-kindergarten program to receive state aid through the ADM would be on the fourth year or FY2025. Since those pre-kindergarten student counts cannot be determined, the following calculation of students are based on the cohort used for projecting the grant.

FY2025 = 368 students x \$4,685 = \$1,724,080 FY2026 = 919 students x \$4,685 = \$4,305,515 FY2027 = 1,470 students x \$4,685 = \$6,886,950 FY2028 = 2,205 students x \$4,685 = \$10,330,425 FY2029 = 2,940 students x \$4,685 = \$13,773,900 FY2030 = 3,675 students x \$4,685 = \$17,217,375

The effective date of this bill is July 1, 2021 (FY2022).

The funding mechanism is a general fund transfer to the Public Education Fund (PEF). The fiscal note effect for FY2021 through FY2026 is reported in the fiscal note for the PEF, as the funding is deposited to the PEF, not into the Foundation Program funding component. The above analysis is presented here for explanation purposes only.
