FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

BILL NO. HB 31A

Analysis

This bill adds a new section to the statutory definition of a disaster. It adds a definition for Cybersecurity attacks that affect the critical infrastructure of the state's technology. It incorporates the procedure of identifying such threats and notifying the Governor's office of such threats.

This legislation does not materially change the Office of Information Technology's current practice for response and notification relating to cybersecurity threats. There is no fiscal impact to the Office of Information Technology.
