FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

BILL NO. CSHB 44(STA)

Analysis

<p>HB 44 updates statutes under AS 08.04, regulating Public Accountancy, to better align Alaska law with national standards and accepted industry terminology. The bill updates the definition of "firm", updates the language regarding "peer review", and requires that firms provide evidence of their enrollment in an approved program. This legislation will also add a requirement for individual Certified Public Accountants who have operated with a line of business only, but no formal legal entity structure, to obtain a firm permit.</p> <p>The Division of Corporations, Business, and Professional Licensing (CBPL) anticipates absorbing the costs associated with the regulations changes required as a result of this legislation under existing authority.</p> <p><i>Professional licensing programs within CBPL are funded by receipt supported services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each program are set per AS 08.01.065 so the revenue collected approximately equals the occupation's actual regulatory costs.</i></p>
