Subject: SB 111

We write urging the Finance Cmte to move SB111 to the floor immediately. As retired educators, parents, grandparents, and great-grandparents, we are fully aware that early childhood education is tantamount to a student's success! This bill is such a step forward. The importance of the passage of this legislation cannot be caught up - or left behind - by budget negotiations or any other matter pending on the floor!

The families of Alaska are depending on you to make the education of our students your priority!

Thank you for the work that you do!

Sincerely,

Garris R. (Bob) and Carolyn Covington
