FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

BILL NO. HB 5

Analysis

House Bill 5 amends the crimes of sexual assault in the first, second, and third degrees to state what specific conduct by the offender would fit those classifications of offenses, and to address the absence or presence of consent in certain sexual assault crimes. Secs. 1-3. The bill also adds a definition of consent and describes what may or may not be considered consent. Secs. 4-9. It further shortens the time period within which a law enforcement agency must ensure that a test is conducted on a sexual assault examination kit. Sec. 10.

The court system anticipates that the changed definitions, and the broader scope of conduct that may be included in the definition of sexual assault crimes, may lead to an increase in the number of sexual assault cases that are filed with the court, and may also lead to an increase in the number of felony sexual assault trials.

Though House Bill 5 is expected to change the number of sexual assault case filings and trials, the amount that it will affect the court system's workload and costs is not able to be determined. The court system therefore submits this indeterminate fiscal note.
