Establishing a Senate Special Committee on Natural Gas Development.

---

#### **BE IT RESOLVED BY THE SENATE:**

**WHEREAS** the governor has called a special session of the legislature for the purpose of considering a proposed contract under the Alaska Stranded Gas Development Act together with legislation related to that Act and legislation related to other oil and gas matters; and

**WHEREAS**, because of the complexity of the issues and the short duration of a special session, it is essential that members of the Senate Finance Committee and Senate Resources Committee be fully involved in consideration of the proposed contract and all legislation that may be associated with it at the earliest possible time; and

**WHEREAS** it is possible that these issues will be addressed in more than one special session;

**BE IT RESOLVED** by the Senate that a Senate Special Committee on Natural Gas Development is established to consider a proposed contract under the Alaska Stranded Gas Development Act and legislation related to that Act or to other oil and gas matters that may affect the proposed contract, including oil and gas taxation; and be it

**FURTHER RESOLVED** that the members of the Senate Finance Committee and the

members of the Senate Resources Committee shall serve as members of the Senate Special Committee on Natural Gas Development; and be it

**FURTHER RESOLVED** that the president of the senate shall designate a member of the Senate Special Committee on Natural Gas Development to chair the committee; and be it

**FURTHER RESOLVED** that the Senate Special Committee on Natural Gas Development may meet during and between sessions of the Twenty-Fourth Alaska State Legislature and is terminated on the convening of the First Session of the Twenty-Fifth Alaska State Legislature.
