SENATORS Tim Kelly, Pearce, Taylor, Donley, Miller, Wilken, Leman, Pete Kelly, Lincoln, Mackie

A RESOLUTION

1 Relating to a national ballistic missile defense system.

2 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

3 WHEREAS the collapse of the Soviet Union has rendered obsolete the treaty
4 constraints and diplomatic understandings that limited the development and deployment of
5 weapons of mass destruction and their delivery systems during the Cold War; and

6 WHEREAS the world has consequently witnessed during this decade an unprecedented
7 proliferation of sophisticated military technology, including nuclear, chemical, and biological
8 weapons and ballistic missiles; and

9 WHEREAS the United States has recognized that it currently has no means of
10 protecting persons living in all 50 states from attack by these new threats and has initiated a
11 program to develop and deploy a national ballistic missile defense system; and

12 WHEREAS four locations in Alaska are currently being considered as sites for
13 deployment of the intercept vehicles for this system; and

14 WHEREAS each of these locations provides the unmatched military value of a
15 strategic location from which persons living in all 50 states can be defended as required by
16 the United States Constitution; and

17 WHEREAS, throughout Alaska's history as a territory and a state, Alaska's citizens

1 have been unwavering in their support of a strong national defense while warmly welcoming
2 the men and women of our armed forces stationed in Alaska; and

3 **WHEREAS** construction, operation and maintenance of a high technology missile
4 defense system would require advanced labor skills; and

5 **WHEREAS** these high technology workers would increase Alaska's human asset base
6 and provide a highly skilled labor force for use by private enterprise;

7 **BE IT RESOLVED** that the Twenty-First Alaska State Legislature calls upon the
8 President, as Commander In Chief of the Armed Forces of the United States, to provide for
9 the common defense of our nation by selecting an Alaska site for the deployment of the
10 intercept vehicles for the national ballistic missile defense system; and be it

11 **FURTHER RESOLVED** that the Twenty-First Alaska State Legislature requests that,
12 in the development and operation of a national ballistic missile defense system in Alaska, the
13 Department of Defense provide adequate protection from any danger posed by the system to
14 local residents; and be it

15 **FURTHER RESOLVED** that the Twenty-First Alaska State Legislature strongly
16 encourages the Department of Defense to contract with Alaska businesses in the development,
17 construction, and operation of a national ballistic missile defense system in Alaska.

18 **COPIES** of this resolution shall be sent to the Honorable Bill Clinton, President of the
19 United States; the Honorable William Cohen, Secretary of the U.S. Department of Defense;
20 the Honorable Floyd D. Spence, Chair, Committee on Armed Services, U.S. House of
21 Representatives; the Honorable John Warner, Chair, Committee on Armed Services, U.S.
22 Senate; and to the Honorable Ted Stevens and the Honorable Frank Murkowski, U.S. Senators,
23 and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in
24 Congress.
