Chapter No.

AN ACT

Establishing an Alaska Commemorative Coin Commission to develop the design concepts and to make recommendations regarding the final design of the Alaska quarter under the 50 States Commemorative Coin Program Act; and providing for an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1

AN ACT

1 Establishing an Alaska Commemorative Coin Commission to develop the design concepts
2 and to make recommendations regarding the final design of the Alaska quarter under the 50
3 States Commemorative Coin Program Act; and providing for an effective date.

4

5 * **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section
6 to read:

7 PURPOSE OF THE ACT. (a) On December 1, 1997, the United States Congress
8 enacted the 50 States Commemorative Coin Program Act, P.L. 105-124. The Act created the
9 50 State Quarters Program, a 10-year program under which a design honoring each state is
10 placed on the reverse side of the United States quarter. A quarter honoring the State of
11 Alaska is scheduled to be issued in 2008.

12 (b) As part of the selection process, the United States Secretary of the Treasury and
13 the United States Mint have requested that each state governor conduct a concept selection

1 process and provide the United States Mint with at least three, but not more than five,
2 narrative design concepts for the Alaska quarter. Based on the narrative design concepts
3 submitted by the State of Alaska, the United States Mint will produce original artwork
4 embodying each concept. A Citizens Commemorative Coin Advisory Committee and the
5 United States Commission of Fine Arts will review the designs and make recommendations.
6 After approval of the designs by the Secretary of the Treasury, the designs are to be presented
7 to the state. As provided in the 50 States Commemorative Coin Program Act, the governor
8 will then recommend the final design to the Secretary of the Treasury, with the secretary
9 having final approval.

10 (c) This Act establishes an Alaska Commemorative Coin Commission to develop the
11 narrative design concepts to be presented to the United States Mint and to make
12 recommendations to the governor regarding the final design of the Alaska quarter.

13 * **Sec. 2.** The uncoded law of the State of Alaska is amended by adding a new section to
14 read:

15 ALASKA COMMEMORATIVE COIN COMMISSION. (a) The Alaska
16 Commemorative Coin Commission is established. The commission consists of 11 members,
17 determined as follows:

18 (1) the governor shall appoint 10 public members to the commission, of whom

19 (A) one member shall be appointed from a list prepared and submitted
20 by the Alaska State Council on the Arts;

21 (B) one member shall, at the time of appointment, be a student in the
22 state in a public or private secondary school or a home study secondary student in the
23 state, appointed from a list prepared and submitted by the State Board of Education
24 and Early Development;

25 (C) two members shall be residents of and be appointed from each of
26 the four judicial districts in the state; and

27 (2) the governor or the governor's designee.

28 (b) The governor shall designate the chair and vice-chair of the commission.

29 (c) If a member of the commission resigns or is otherwise unable to perform the
30 duties of a member of the commission, the governor shall appoint a replacement member as
31 soon as possible.

1 (d) Public members of the commission are not entitled to compensation, and,
2 notwithstanding AS 39.20.180, they are not entitled to reimbursement for expenses incurred
3 in serving on the commission or for per diem.

4 (e) A majority of the members of the commission constitutes a quorum. The
5 commission shall attempt to operate by consensus, but the commission may approve
6 measures, make recommendations, and take other action based on a vote of a majority of the
7 quorum that is present.

8 (f) The commission expires when the United States Secretary of the Treasury
9 approves the final design for the Alaska quarter.

10 * **Sec. 3.** The uncoded law of the State of Alaska is amended by adding a new section to
11 read:

12 ALASKA COMMEMORATIVE COIN SELECTION PROCESS. (a) The Office of
13 the Governor shall initiate a public process to solicit narrative design concepts for the Alaska
14 quarter from the public. The solicitation must provide for submission of design concepts by a
15 date certain. The Office of the Governor may delegate the duty set out in this subsection to
16 the Alaska Commemorative Coin Commission.

17 (b) The commission shall set out a procedure for the review and consideration of all
18 narrative design concepts that it receives. By a time to be specified by the United States Mint,
19 the commission shall submit to the United States Mint not less than three, nor more than five,
20 design concepts for the Alaska quarter. The commission may edit or revise any of the
21 narratives if it chooses to do so. Each narrative must explain why the concept submitted is
22 emblematic of the State of Alaska and what the concept represents to the people of the State
23 of Alaska.

24 (c) When the United States Mint provides the State of Alaska with its final designs,
25 the commission shall reconvene to review the designs and to make final recommendations to
26 the governor for the design of the Alaska quarter. The commission's final recommendations
27 are subject to approval by the governor.

28 (d) In its deliberations under this section, the commission shall bear in mind that the
29 calendar year in which the Alaska quarter is to be issued will coincide with events leading to
30 celebration of the 50th anniversary of Alaska statehood.

31 (e) The Office of the Governor shall provide the commission with all reasonable and

1 necessary staff support, but the governor may delegate or assign this obligation to another
2 agency.

3 * **Sec. 4.** Sections 1 - 3 of this Act are repealed January 1, 2009.

4 * **Sec. 5.** This Act takes effect January 1, 2005.
