BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1

AN ACT

1 Amending the functions and powers of the Alaska Commission on Postsecondary Education;
2 and relating to the repayment provisions for medical education and postsecondary degree
3 program participants.

5 * **Section 1.** AS 14.42.030(d) is amended to read:

6 (d) The commission **shall** [MAY] enter into agreements with government or
7 postsecondary education officials of this state or other states to provide postsecondary
8 educational services and programs to Alaska residents pursuing a medical education
9 degree **sufficient to accommodate at least 20 new program participants each year.**

10 An agreement with another state must be limited to services and programs that are
11 unavailable in Alaska. The commission shall require a person participating in a
12 medical education program offered under this subsection to agree to the repayment
13 condition imposed under AS 14.43.510.

14 * **Sec. 2.** AS 14.43.510(a) is amended to read:

(a) Except as provided under (b) and (c) of this section, as a condition of participating in a medical education program under AS 14.42.030(d), a program participant shall agree to **either return to the state and actively engage in professional medical practice or** repay [THE] financial support provided by the state on behalf of the **program participant** [STUDENT]. The financial support to be repaid is equal to **50 percent of the amount paid for each program participant by the state to the contracting postsecondary institution, plus interest** [THE DIFFERENCE BETWEEN RESIDENT AND NONRESIDENT TUITION AT THE CONTRACTING POSTSECONDARY INSTITUTION, PLUS INTEREST, INCLUDING ANY DIFFERENTIAL FOR THE FIRST YEAR OF THE PROGRAM DELIVERED AT THE UNIVERSITY OF ALASKA, ANCHORAGE]. The rate of interest is equal to the 12th Federal Reserve District discount rate in effect on March 1 of the year in which the financial support is provided plus two percentage points. Interest imposed under this subsection begins to accrue when the person terminates studies under the medical education program. Accrued interest shall be added to the principal balance of the repayment obligation at the time the borrower is obligated to commence repayment and at the end of a deferment period.

* **Sec. 3.** AS 14.43.510(b) is amended to read:

(b) If a program participant under (a) of this section has graduated from the medical education program for which the financial support was received and is employed in the state in the field for which the person received the financial support, including employment in the state in a medical residency program, the repayment obligation shall be forgiven and considered a grant in an amount equal to the following percentages plus accrued interest:

(1) for employment in rural areas of the state,

(A) one year employment, 33 1/3 percent;

(B) two years employment, an additional 33 1/3 percent;

(C) three years employment, an additional 33 1/3 percent;

(2) for employment in areas of the state that are not rural,

4 * **Sec. 4.** AS 14.43.510(c) is amended to read:

5 (c) Repayment under (a) of this section is required to begin not later than six
6 months after the person terminates studies under the medical education program
