No money appropriated in this appropriation may be expended for an abortion that is not a mandatory service required under AS 47.07.030(a). The money appropriated for Health and Social Services may be expended only for mandatory services required under Title XIX of the Social Security Act and for optional services offered by the state under the state plan for medical assistance that has been approved by the United States Department of Health and Human Services. This statement is a statement of the purpose of the appropriation and is neither merely descriptive language nor a statement of legislative intent.

It is the intent of the legislature that the Department continues to aggressively pursue Medicaid cost containment initiatives. Efforts should continue where the Department believes additional cost containment is possible including further efforts to contain travel expenses. The Department must continue efforts imposing regulations controlling and materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be continued utilizing existing resources to impose regulations screening applicants for Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state services. The department must address the entire matrix of optional Medicaid services, reimbursement rates and eligibility requirements that are the basis of the Medicaid growth algorithm. This work is to utilize the results of the Medicaid Assessment and Planning analysis. The legislature requests that by January 2008 the Department be prepared to present projections of future Medicaid funding requirements under our existing statute and regulations and be prepared to present and evaluate the consequences of viable policy alternatives that

could be implemented to lower growth rates and reducing projections of future costs.			
It is the intent of the legislature that the Department of Health and Social Services actively participate in the development and growth of Alaska's therapeutic courts.			
It is the intent of the legislature that the department evaluate establishing an asset test to be incorporated in Denali KidCare and Child Care Benefits programs' eligibility determinations that includes the value of assets leased and not owned by the applicant. The department should report to the legislature, no later than January 15, 2008, possible asset test structures, their projected consequences on program participants and any necessary changes to statute, regulation or Alaska's Medicaid State Plan.			
Alaskan Pioneer Homes	38,037,600	17,398,200	20,639,400
It is the intent of the legislature that the Department maintain regulations requiring all residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state subsidy being provided for their care from the State Payment Assistance program.			
It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall complete any forms to determine eligibility for supplemental program funding, such as Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant is not able to complete the forms him/herself, or if relatives or guardians of the applicant are not able to complete the forms, Department of Health and Social Services staff may complete the forms for him/her, obtain the individuals' or designee's signature and submit for eligibility per AS 47.25.120.

3	It is the intent of the legislature that the department continue improving procedures for		
4	maintaining the disabilities waitlist to assure that criteria for listing are consistent, objective		
5	and meaningful. The list should be accurately maintained without unnecessary action by		
6	individuals on the list, identify services already being received by those on the list and be		
7	utilized to promote parity in the provision of service throughout the social services system.		
8	It is the intent of the legislature that the department act expeditiously in the administrative		
9	processing of individuals on the waitlist so that they may begin receiving services as quickly		
10	as possible utilizing the funding increment initiated in the fiscal 2007 budget.		
11	It is the intent of the legislature that regulations related to the General Relief / Temporary		
12	Assisted Living program be reviewed and revised as needed to minimize the length of time		
13	that the state provides housing alternatives and assure the services are provided only to		
14	intended beneficiaries who are actually experiencing harm, abuse or neglect. The department		
15	should educate care coordinators and direct service providers about who should be referred		
16	and when they are correctly referred to the program in order that referring agents correctly		
17	match consumer needs with the program services intended by the department.		
18	It is the intent of the legislature that the department continues the Inventory of Client and		
19	Agency Planning (ICAP) process as recommended in the Ad Hoc Committee on the		
20	Developmental Disability Waitlist Recommendations for Change report. It is further the		
21	intent of the legislature that the Department move forward with implementation of the report		
22	recommendations as appropriate and submit a progress report to the Legislature by January		
23	15, 2008, which includes information regarding the number of individuals on the waiting list		
24	that have had an ICAP completed as well as the Department's recommended action for those

employment; 3) deleting "stand-by" assistance as an allowable PCA task; 4) clearly stating that Instrumental Activities of Daily Living (IADLs) are not allowable unless specifically related to an approved task for an Activity of Daily Living (ADL) need; 5) adopting an objective client assessment tool that results in a reliable and consistent care plan to be used by PCA providers, PCA agencies and the department; 6) requiring physical certification of an individual's condition as stated in the PCA assessment to confirm need for services; 7) requiring that if more than one PCA recipient resides in the same home, only one PCA provider is allowed for both recipients; 8) tightening enrollment criteria for all providers to require specific training and experience; 9) requiring Medicaid certification for PCA provider agencies; 10) requiring that the owner/manager of a PCA agency meet specified minimum level of education and administrative or business experience in a related field; 11) clearly stating that an individual's assessment function will be conducted by department staff or the department's designee; 12) requiring prior authorization by department staff or the department's designee for all PCA services; 13) including a new regulation that prevents the individual solicitation of clients by PCA agencies and provides consequences for such actions; and 14) review consumer directed services to determine processes or procedures to improve program effectiveness.

It is the intent of the legislature that the Department of Health and Social Services complete the following tasks related to fiscal audits required in CHAPTER 66, SLA 2003 of all Medicaid providers:			

	Appropriation	General	Other
	Allocations	Items	Funds
1. Develop regulations addressing the use of extrapolation methodology following an audit of Medicaid providers that clearly defines the difference between actual overpayment of funds to a provider and ministerial omission or clerical billing error that does not result in overpayment to the provider. The extrapolation methodology will also define percentage of "safe harbor" overpayment rates for which extrapolation methodology will be applied.			
2. Develop training standards and definitions regarding ministerial and billing errors versus overpayments. Include the use of those standards and definitions in the State's audit contracts.			
All audits initiated after the effective date of this intent and resulting in findings of overpayment will be calculated under the Department's new regulations governing overpayment standards and extrapolation methodology.

* **Sec. 2** The following appropriation items are for operating expenditures from the general fund or other funds as set out in the fiscal year 2008 budget summary by funding source to the state agencies named and for the purposes set out in the new legislation for the fiscal year beginning July 1, 2007 and ending June 30, 2008. The appropriation items contain funding for legislation assumed to have passed during the first session of the twenty-fifth legislature and are to be considered part of the agency operating budget. A department-wide, agency-wide, or branch-wide unallocated reduction or increase set out in the New Legislation section may be allocated among the appropriations made in this section to that department, agency, or branch.
