***** **Department of Health and Social Services** *****

No money appropriated in this appropriation may be expended for an abortion that is not a mandatory service required under AS 47.07.030(a). The money appropriated for Health and Social Services may be expended only for mandatory services required under Title XIX of the Social Security Act and for optional services offered by the state under the state plan for medical assistance that has been approved by the United States Department of Health and Human Services.

It is the intent of the legislature that the Department continues to aggressively pursue Medicaid cost containment initiatives. Efforts should continue where the Department believes additional cost containment is possible including further efforts to contain travel expenses. The Department must continue efforts imposing regulations controlling and materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be continued utilizing existing resources to impose regulations screening applicants for Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state services. The department must address the entire matrix of optional Medicaid services,

3	reimbursement rates and eligibility requirements that are the basis of the Medicaid growth		
4	algorithm. This work is to utilize the results of the Medicaid Assessment and Planning		
5	analysis. The legislature requests that by January 2010 the Department be prepared to present		
6	projections of future Medicaid funding requirements under our existing statute and regulations		
7	and be prepared to present and evaluate the consequences of viable policy alternatives that		
8	could be implemented to lower growth rates and reducing projections of future costs.		
9	It is the intent of the legislature that the Department of Health and Social Services eliminate		
10	the requirement for narrative and financial quarterly reports for all grant recipients whose		
11	grants are \$50,000 or less. This is an unnecessary burden and is not a requirement of the		
12	federal grants.		
13	It is the intent of the legislature that the Department of Health and Social Services make a		
14	single 'upfront' payment for any grant award that is \$50,000 or less and includes a signature of		
15	the grantee certifying compliance with the terms of the grant with their approved application.		
16	Signature of the grantee would also certify that if a final report certifying completion of the		
17	grant requirements is not filed, future grants will not be considered for that grantee until all		
18	requirements of prior grants are completed satisfactorily. In the event a grantee is deemed		
19	ineligible for a future grant consideration due to improper filing of final reports, the grantee		
20	will be informed about the department's procedures for future consideration of grant		
21	eligibility. The department will establish procedures to consider retroactivity for specific grant		
22	consideration or express that the retroactivity cannot be considered for certain grants during		
23	the selection process.		
24	It is the intent of the legislature that the Department of Health and Social Services continue		
25	the Medicaid Reform work to improve efficiency and slow the need for General Funds in the		
26	Medicaid program. Specifically, but not exclusively, the Department is to:		
27	1) Complete the evaluation of possible changes to program design, determine waiver changes		
28	necessary to secure federal funding and report back to the Second Session of the 26th Alaska		
29	Legislature on suggested changes, expected outcomes related to Medicaid sustainability, and		
30	resources needed to accomplish the work.		
31	2) Develop and implement public provider reimbursement methodologies and payment rates		
32	that will further the goals of Medicaid Reform.		
33	3) Continue and enhance the State and Tribal Medicaid work and partnership to enhance our

ability to provide Medicaid services through Tribal Health Organizations.			
It is the intent of the legislature that the Department of Health and Social Services continue and enhance its efforts to reduce fraud by both providers and beneficiaries of the Medicaid program.			
Alaska Pioneer Homes	43,436,400	19,166,200	24,270,200
It is the intent of the legislature that the Department maintain regulations requiring all residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state subsidy being provided for their care from the State Payment Assistance program.			
It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall complete any forms to determine eligibility for supplemental program funding, such as Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant is not able to complete the forms him/herself, or if relatives or guardians of the applicant are not able to complete the forms, Department of Health and Social Services staff may complete the forms for him/her, obtain the individuals' or designee's signature and submit for eligibility per AS 47.25.120.

Performance measurement should be standardized, accurate, objective and fair, recognizing and compensating for differences among grant recipients including acuity of services provided, client base, geographic location and other factors necessary and appropriate to reconcile and compare grant recipient performances across the array of providers and services involved.			
It is the intent of the legislature that the \$181.0 increment in the FY10 budget for Behavioral Health Grants be used for the Volunteers of America ARCH residential treatment center for adolescents with substance abuse/dependency and co-occurring disorders.

15 It is the intent of the legislature that regulations related to the General Relief / Temporary
16 Assisted Living program be reviewed and revised as needed to minimize the length of time
17 that the state provides housing alternatives and assure the services are provided only to
18 intended beneficiaries who are actually experiencing harm, abuse or neglect. The department
19 should educate care coordinators and direct service providers about who should be referred
20 and when they are correctly referred to the program in order that referring agents correctly

It is the intent of the legislature that \$609,900 of this appropriation be used to hold harmless those regions that will see a reduction in available grants for Family Caregiver, Nutrition, Transportation and Support, and In Home Services due to the State's implementation of a new statewide funding formula.

It is the intent of the legislature that the Department of Health and Social Services complete the following tasks related to fiscal audits required in chapter 66, SLA 2003 of all Medicaid providers:			
1. Develop regulations addressing the use of extrapolation methodology following an audit of Medicaid providers that clearly defines the difference between actual overpayment of funds to a provider and ministerial omission or clerical billing error that does not result in overpayment to the provider. The extrapolation methodology will also define percentage of 'safe harbor' overpayment rates for which extrapolation methodology will be applied.			
2. Develop training standards and definitions regarding ministerial and billing errors versus overpayments. Include the use of those standards and definitions in the State's audit contracts. All audits initiated after the effective date of this intent and resulting in findings of overpayment will be calculated under the Department's new regulations governing overpayment standards and extrapolation methodology.			
It is the intent of the legislature that the department develops a ten year funding source and use of funds projection for the entire department.

A department-wide, agency-wide, or branch-wide unallocated reduction or increase set out in the New Legislation section may be allocated among the appropriations made in this section to that department, agency, or branch.
