(a) In operating an airport or air navigation facility owned or controlled by the state, the department may enter into contracts, leases, and other arrangements covering periods not exceeding 55 years with a person, municipality, or the United States, granting the privilege of using or improving an airport or air navigation facility or a portion of it or space in it for commercial, governmental, or other public purposes, including private plane tie down, or conferring the privilege of supplying goods, commodities, services, or facilities at an airport or air navigation facility. The department may establish the terms and conditions and fix the charges, rentals, and fees for the privileges or services that are reasonable and uniform for the same class of privilege or service. Charges, rentals, or fees authorized by this subsection may be fixed for the international airports by order of the commissioner or by negotiated or competitively offered contract. **However, for the privilege of occupying or using a state-owned facility on an airport, which facility is or will be acquired, constructed, equipped, installed or improved with the proceeds of indebtedness, the payment of which is secured solely by revenues from customer facility charges, the department shall require occupants or users of all or a portion of the facility to pay to the department, or shall require persons under contract to occupy or use all or a portion of the existing or proposed facility to charge their customers, a uniform customer facility charge stipulated by the department in an amount sufficient to pay the principal of, interest on, and any other cost of debt service on the indebtedness.** Notwithstanding AS 37.10.050(a), the fixing of charges, rentals, or fees as permitted under this subsection is not subject to the adoption of regulation provisions of AS 44.62 (Administrative Procedure Act). The terms, conditions, charges, rentals, and fees shall be established with due regard to the property and improvements used and the expense of operation to the state. However, use of state land and buildings by the Alaska Wing, Civil Air Patrol and its squadrons shall be permitted without rental charges. If the department permits space in state-owned or state-controlled airports to be used as lounges for members of the United States armed forces, the Alaska National Guard, the Alaska Naval Militia, or the Alaska State Defense Force, and if the lounges are operated by persons exempt from taxation under 26 U.S.C.

501(c)(3) (Internal Revenue Code), rent may not be charged for the use of the space. The department shall provide for public notice and an opportunity to comment before a charge, rental, or fee is fixed by order of the commissioner as permitted under this subsection. The public may not be deprived of its rightful, equal, and uniform use of the airport, air navigation facility, or a portion of them."
