ALASKA STATE LEGISLATURE

TWENTY-THIRD LEGISLATURE -- FIRST SESSION

Juneau, Alaska

Wednesday

March 12, 2003

Fifty-first Day

Pursuant to adjournment the Senate was called to order by President Therriault at 11:12 a.m.

The roll showed 19 members present. Senator Lincoln was excused from a call of the Senate.

The prayer was offered by the Chaplain, visiting Buddhist monk Pema Thinley of Bhutan. Senator Hoffman moved and asked unanimous consent that the prayer be spread. Without objection, it was so ordered.

I am praying these words from the bottom of my heart for the triple gems: Buddha, Dharma, and Sangha. The same sky is everywhere and embraces all living things. All living beings are my mother and my father. Please take them to be with you, Buddha.

May the world have peace and our leaders have compassion and wisdom to protect all living things. May there be peace and comfort and compassion for the future generations.

Senator Dyson led the Senate in the Pledge of Allegiance.

Certification

Senator Ben Stevens moved and asked unanimous consent that the journals for the forty-ninth and fiftieth legislative days be approved as certified by the Secretary. Without objection, it was so ordered.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Natural Resources

Governor's transmittal letter dated March 11:

Dear President Therriault:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill designating the Department of Natural Resources (DNR) as the lead state agency in the permitting of resource development projects in this state.

The purpose of this bill is to facilitate and expedite resource development in Alaska. In recent years, the laws governing resource development have proliferated, and there are now more agencies than ever with permitting authority over large projects. Resource development should not be held up by the sheer complexity of government. This bill is intended to alleviate that problem.

This bill would authorize the DNR to lead and coordinate the permitting activities of all agencies with jurisdiction over the project and would repeal existing statutes in AS 46.35 regarding permit coordination. The result of the DNR's efforts as lead agency will be better communication, more efficient permitting, consolidated public process, and stable funding for the state's permitting process.

The repeal of the AS 46.35 provisions necessitates the relocation of unrelated language, specific to Department of Environmental Conservation permit decisions, to more appropriate locations in AS 46.03 and AS 46.04, as set out in secs. 2 and 3 of the bill.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

SB 143

SENATE BILL NO. 143 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the Alaska coastal management program and to policies and procedures for consistency reviews and the rendering of consistency determinations under that program; relating to the functions of coastal resource service areas; creating an Alaska Coastal Program Evaluation Council; eliminating the Alaska Coastal Policy Council; annulling certain regulations relating to the Alaska coastal management program; relating to actions based on private nuisance; relating to zoning within a third class borough covered by the Alaska coastal management program; and providing for effective dates."

was read the first time and referred to the Resources Committee.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Department of Fish and Game

Fiscal Note No. 2, zero, Department of Environmental
Conservation

Fiscal Note No. 3, Department of Natural Resources

Governor's transmittal letter dated March 11:

Dear President Therriault:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill to reform and streamline the Alaska Coastal Management Program (ACMP). This legislation is premised upon the statutory changes contained in Executive Order 106, which I presented to you on February 12, 2003. Executive Order 106 would transfer responsibility for the ACMP program from the division of governmental coordination in the office of management and budget to the Department of Natural Resources.

The Alaska Coastal Management Program was first enacted in 1977 in order to participate in the federal Coastal Zone Management Act of 1972. The federal program is voluntary, and encourages states to adopt coastal programs by providing federal funds and the opportunity for federal consistency review. Federal consistency review enables the state to apply its authorities to projects located on federal land and the federal outer continental shelf where otherwise it would be preempted by federal law.

The goal of this legislation is to create a new coastal management program that retains the benefits of the federal act but eliminates the duplication and complexity built into the present ACMP. This bill would achieve this goal by choosing the simplest of the three management techniques allowed by the federal act. The bill provides certainty and predictability to the ACMP process by clarifying the standards and responsibilities for program implementation.

The central streamlining concept of the bill is the reliance on existing state statutes and regulations as the enforceable policies of the ACMP. The current duplicative consistency review process in AS 46.40.096 and 6 AAC 50 is eliminated by simply relying on the issuance of current state permits by the resource agencies as the means of determining whether an activity is consistent with the ACMP.

The bill would eliminate district coastal management enforceable policies but retains a local role in three ways. First, AS 29 municipalities would retain their existing land use authorities to regulate private activity within their jurisdiction. Second, the bill authorizes the Department of Natural Resources (DNR), as the

implementing agency, to adopt local ordinances as enforceable policies to be applied in consistency reviews of federal projects and Outer Continental Shelf (OCS) development. The DNR would consult with the local government when interpreting and applying the local ordinance as part of a consistency review. Third, the bill would specifically adopt certain existing coastal district policies for federal OCS development as state enforceable policies.

Coastal resource service areas in the unorganized borough would no longer exist. However, municipalities within the unorganized borough could participate in both the funding and regulatory aspects of the program. Because the bill would affect the way coastal communities participate in the program, I have consulted with communities across the state and incorporated their suggestions into the legislation.

The bill would also eliminate the Coastal Policy Council, but would create a Coastal Program Evaluation Council to submit a report to the Governor on the implementation of these reforms. The council would sunset July 1, 2005.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Frank H. Murkowski
Governor
