Dear Lord: Today is the day nationwide that people are celebrating the wonders of love. Valentine's day reminds us of the beauty of both the giving and receiving of love. I thank You that You are the perfect example of love for us. Help us to love each other with the same sacrificial love You showed in giving us Your son, Jesus Christ.

Lord, we acknowledge Your sovereignty over the proceedings this day. You have placed each of these senators in the positions they hold, and we ask Your guidance for them in the difficult assessments of information and decisions to be made.

We really love this great state You have given us Lord. It is so full of the wonder and beauty of Your creation. Thank You for it. Bless it this day. Help it to prosper.

In all this we are careful to give You the glory.

I lift this prayer in Your most holy name, Amen.

BY REQUEST OF THE GOVERNOR, entitled:

The following fiscal information was published today:

Fiscal Note No. 1, Department of Administration

Fiscal Note No. 2, zero, Department of Natural Resources

Governor's transmittal letter dated February 10:

Dear President Stevens:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to the regulation of underground injection under the federal Safe Drinking Water Act. This bill would enable the Alaska Oil and Gas Conservation Commission (AOGCC) to regulate all underground injection wells used in the oil and gas industry, in contrast to the current situation under which the AOGCC regulates most of these wells but the United States Environmental Protection Agency (EPA) regulates others.

Under the federal Safe Drinking Water Act of 1974, 42 U.S.C. 300f - 300j-26, the underground injection of waste or other fluids requires an EPA permit, unless the EPA has approved a state underground injection control program as meeting Safe Drinking Water Act standards. In 1986, the EPA approved Alaska's underground injection program for a subset of underground injection wells, known as Class II wells. Class II wells inject certain fluids related to the recovery and production of oil and natural gas. The AOGCC administers this program. However, the EPA continues to regulate other types of injection wells in Alaska, including Class I wells, which are used in the oil and gas industry to dispose of wastes that do not go into Class II wells. I believe that the time has come for authority over all underground injection relating to oil and gas operations to return to the state.

This action would have several benefits for the state and the industry. First, the AOGCC is generally able to respond more quickly to permit applications than is the EPA. Second, having a single, uniform process for regulating underground injection by the industry will improve efficiency and reduce confusion. Finally, there has been considerable uncertainty over, and considerable agency time and effort devoted to, the question of when a Class II well is appropriate for waste disposal and when a Class I well is required, and this question will likely become much less important with a single agency exercising authority over both classes of wells.

Under the bill that I am proposing, the AOGCC would have the authority to take all actions necessary to allow the state to acquire primary enforcement responsibility for Class I injection wells, in

addition to continuing its current regulation of Class II wells. While the definition of Class I wells covers broad categories of industrial and municipal wastes in certain circumstances, in practice Class I wells in Alaska have been used only in the oil and gas industry, to accommodate wastes not allowed in Class II wells. There are currently 1,144 Class II wells (disposal and enhanced recovery) and seven Class I wells in the state.

This bill also provides for an immediate effective date.

I urge your prompt and favorable action on this measure.

Sincerely yours,

/s/

Frank H. Murkowski  
Governor

**SB 108**

SENATE BILL NO. 108 BY THE SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to the regulation of insurance, insurance licensing, surplus lines, insurer deposits, motor vehicle service contracts, guaranteed automobile protection products, health discount plans, third-party administrators, self-funded multiple employer welfare arrangements, and self-funded governmental plans; and providing for an effective date."

was read the first time and referred to the Labor and Commerce and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Commerce, Community and Economic Development

Governor's transmittal letter dated February 11:

Dear President Stevens:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting an omnibus insurance bill.

The bill would make changes to certain insurance licensing provisions to provide more efficient licensing processes and to bring Alaska's law into greater conformity with other states' laws. It would make minor changes to the surplus lines statutes to clean up language and to make reporting easier for alien insurers.

The bill also would make changes to the requirements for the administration of insurer deposits and would provide authorization for insurer deposits to be paid to the state insurance guaranty funds rather than becoming an asset of an insolvent insurer. Finally, the bill would give the Division of Insurance in the Department of Commerce, Community, and Economic Development the authority to regulate health discount plans, would clarify the state's regulation of guaranteed auto protection products and motor vehicle service contracts, and would provide for oversight of certain self-funded governmental plans.

A sectional analysis, describing the bill in more detail, is available from the division of insurance.

In sum, this omnibus insurance bill will make the regulation of insurance more efficient for the state, easier for industry, and at the same time give heightened protection to Alaska insurance consumers. I urge your prompt and favorable action on this measure.

Sincerely yours,

/s/

Frank H. Murkowski  
Governor
