Effective Date: October 20, 2011

**HB 108**

The following letter was dated and received June 29, 2011, at 3:37 p.m.:

"Dear Speaker Chenault:

On this date, I signed with line item vetoes the following bill passed by the first special session of the Twenty-Seventh Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

**CONFERENCE CS FOR HOUSE BILL NO. 108**

"An Act making appropriations for the operating and loan program expenses of state government and for certain programs, capitalizing funds, amending appropriations, and making reappropriations; and providing for an effective date."

Chapter No. 3, FSSLA 2011

[Effective Date: See Chapter]

The budget I presented to the Legislature limited the growth in the State operating budget while preserving the programs and services important to Alaskans. I appreciate the careful consideration and support from the Legislature of this request.

House Bill 108, as passed by the Legislature, contained appropriations for Fiscal Year 2011 and Fiscal Year 2012 totaling \$11.8 billion, of which \$7.8 billion is general fund. The budget includes special appropriations for tax credits, revenue sharing, and direct deposits to the retirement system costs, and includes funding for public education, the university, public health and safety, transportation, resource development, and funding for State government programs, services, and grants.

In addition, HB 108 includes savings and special appropriations of \$3.5 billion, including \$1.1 billion to forward fund K-12 education in FY 2013, and \$929 million for inflation proofing of Alaska's Permanent Fund. \$479.5 million is appropriated for the retirement system unfunded liability and \$526 million for permanent fund dividends.

Through line-item vetoes, I have reduced the appropriations in HB 108 by \$12.1 million. This reduction in debt service costs results from the \$199 million in debt buy-down for previously approved debt and lease financing.

Please note that HB 108, Section 13(g), relating to funding for tourism marketing, is repealed in Section 54 of Senate Bill 46 and replaced with \$12 million in SB 46, Section 13.

The enclosed spreadsheet contains a summary of the vetoed appropriations including the appropriation cite, fund source, and the reason for the veto.

Sincerely,

/s/

Sean Parnell  
Governor"

A spreadsheet from the Office of the Governor, Office of Management and Budget, pertaining to budget vetoes accompanied the letter and is on file in the Chief Clerk's office.

**SB 46**

The following letter was dated and received June 29, 2011, at 3:37 p.m.:

"Dear Speaker Chenault:

On this date, I signed, with line item vetoes, the following bill passed by the first special session of the Twenty-Seventh Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

## HOUSE CS FOR CS FOR SENATE BILL NO. 46(FIN)

"An Act making and amending appropriations, including capital appropriations, savings deposits in the form of appropriations to the statutory budget reserve fund, and other appropriations; making appropriations to capitalize funds; and providing for an effective date."

Chapter No. 5, FSSLA 2011  
[Effective Date: See Chapter]

Our priority has been to promote economic growth and opportunity for Alaskans. Budget discipline requires a balance of saving for the future and investing in economic development now. With declining oil production, an uncertain national economy, and the State's financial obligations of saving more now makes sense. The capital budget I presented for legislative consideration provided a healthy level of investment while taking this longer term view of saving for Alaska's future.

I made reductions in spending with several key factors in mind – life and safety, infrastructure and jobs now, leveraging other funds, and balance across Alaska. I appreciated Legislators letting me know the high priority projects in their districts. Projects that were reduced or vetoed can be considered in a future budget.

HCS CSSB 46(FIN), as passed by the Legislature, contained capital appropriations for Fiscal Year 2011 and Fiscal Year 2012, totaling \$3.2 billion, including \$2.0 billion in general funds. Through line-item vetoes, I have reduced the appropriations in the capital budget by \$400.3 million of which \$333.6 million is general fund. The enclosed spreadsheet contains a summary of the vetoed appropriations including the page and line number, fund source, and the reason for the veto.

We have focused on energy, including over \$1 billion for hydroelectric generation and transmission, renewable energy grants, weatherization, home energy rebates, and other energy projects along with power cost equalization funding in the operating budget.

The capital budget I sign into law funds the Susitna hydroelectric project at \$65.7 million and also includes \$1.24 billion for transportation, including highways and aviation projects, \$87.1 million for water and sewer projects, \$297.9 million for K-12 education and the University, and \$114.2 million for deferred maintenance projects. As enacted, the budget includes \$44 million for the Tanana River Bridge and \$30 million each for the Point MacKenzie Rail Extension and Port of Anchorage. These are significant economic development projects that will create jobs and economic growth in Alaska.

These capital dollars will create jobs and opportunity for Alaskans, meet the State's constitutional responsibilities of resource

development, education, public safety, and infrastructure essential to Alaska's economic future, and address high-priority projects in districts across the state.

Sincerely,

/s/

Sean Parnell  
Governor"
