HB 2001

The following letter dated June 29, 2015, was received at 5:13 p.m., June 30:

"Dear Speaker Chenault:

On this date, I have signed, with line item vetoes, the following bill passed by the Second Special Session of the Twenty-Ninth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Office of the Lieutenant Governor for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 2001

"An Act making appropriations for the operating and loan program expenses of state government and for certain programs; making appropriations for the operating expenses of the state's integrated comprehensive mental health program; capitalizing funds and repealing appropriations; making appropriations under art. IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; and providing for an effective date."

Chapter No. 1, SSSLA 2015
[Effective Date: See Chapter]

As passed by the Legislature, CCS HB 2001 contains appropriations for fiscal years 2015 and 2016, totaling approximately \$3.2 billion, including \$3 billion in unrestricted general funds. The bill includes authorization for appropriations under Article IX, Section 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund. This is the second operating budget passed this year. The first operating budget, (CCS HB 72(brf sup maj fld H)), contained appropriations for fiscal years 2015 and 2016, but lacked the revenues to fund the appropriations throughout the year. As a result, although I signed the first operating budget (Ch. 23, SLA 15), it was with line item vetoes.

The bill restores appropriations reduced through line item veto in Ch. 23, SLA 2015, authorizes additional appropriations, contains an Executive Branch-wide unallocated reduction of \$29.8 million, and includes an authorization for appropriations from the budget reserve fund in an amount necessary to balance revenue and general fund appropriations (Article IX, Section 17, Constitution of the State of Alaska). In addition, this budget includes an appropriation for salary increases for covered and non-covered employees for the fiscal year

beginning July 1, 2015, and ending June 30, 2016. I am committed to a responsible budget in these challenging fiscal times, yet also firm that we must preserve services to maintain our economy and begin developing a more stable revenue structure. Through line item veto, I have made changes in CCS HB 2001 as outlined below:

Section 8(b), page 64, lines 9 - 14, proposes that if the balance of the oil and gas tax credit fund (AS 43.55.028) is insufficient to purchase transferable tax credit certificates issued under AS 43.55.023 and production tax credit certificates issued under AS 43.55.025 that are presented for purchase, the amount by which the tax credit certificates presented for purchase exceeds the balance of the fund, estimated to be \$700 million, is appropriated from the general fund to the oil and gas tax credit fund (AS 43.55.028). I have reduced this appropriation to \$500 million, as it is apparent that the current oil and gas production tax credit system is unsustainable. I support necessary incentives to encourage oil and gas development, but in this challenging fiscal year, we will continue to fund credits, but at a slower pace until a more sustainable credit system is developed or our financial situation improves. Compared to fiscal year 2015, this tax credit funding delay of \$200 million is in line with the reductions to other state budget components. The capital budget is \$476 million less than in fiscal year 2015, and agency operating budgets were reduced by \$412 million.

I look forward to continuing to work with the Legislature to creatively address our financial situation and continue to provide for economic growth and development in the state.

Sincerely,

/s/

Bill Walker
Governor"

SB 26

The following letter dated June 29, 2015, was received at 5:13 p.m., June 30:

"Dear Speaker Chenault:

On this date, I have signed, with line item vetoes, the following bill passed by the First Regular Session of the Twenty-Ninth Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Office of the Lieutenant Governor for permanent filing:

HOUSE CS FOR CS FOR SENATE BILL NO. 26(FIN) am H
"An Act making and amending appropriations, including capital appropriations, supplemental appropriations, reappropriations, and other appropriations; making appropriations to capitalize funds; and providing for an effective date."

Chapter No. 38, SLA 2015
[Effective Date: See Chapter]

As passed by the Legislature, the bill contains capital appropriations, supplemental appropriations, reappropriations, and other appropriations for fiscal years 2015 and 2016, totaling \$1.57 billion, including \$156.4 million in unrestricted general funds. This capital budget is at the lowest level in several years. Despite this, the capital budget will fund important priorities, such as transportation construction and maintenance, water systems, renewable energy projects, and Arctic policy leadership. I am committed to a responsible capital budget to encourage growth and needed development within our current fiscal restraints. Through the line item veto, I have made changes to this bill as follows:

Section 21(b), page 37, lines 18 - 21, proposes to reappropriate the unexpended and unobligated balance, estimated to be \$875,000, of the appropriation made in sec. 1, ch. 16, SLA 2013, page 75, lines 9 - 12 (Department of Public Safety, new Alaska Public Safety Information Network (APSIN) transitional contract support - \$875,000) to the Alaska Housing Capital Corporation account. These funds should remain with the Department of Public Safety for the intended purpose rather than be redirected to the Alaska Housing Capital Corporation account.

Section 37(b), page 49, lines 1 - 10, proposes to reappropriate the unexpended and unobligated general fund balances, not to exceed

\$175,000, of the appropriations made in sec. 1, ch. 16, SLA 2014, page 41, line 26 (Office of the Governor, commissions/special offices - \$2,550,700), sec. 1, ch. 16, SLA 2014, page 41, line 28 (Office of the Governor, executive operations - \$18,581,600), sec. 1, ch. 16, SLA 2014, page 42, lines 8 - 9 (Office of the Governor, Office of the Governor state facilities rent - \$1,171,800), sec. 1, ch. 16, SLA 2014, page 42, line 13 (Office of the Governor, office of management and budget - \$2,682,800), and sec. 1, ch. 16, SLA 2014, page 42, line 16 (Office of the Governor, elections - \$7,762,000) to the Department of Commerce, Community, and Economic Development for payment as a grant under AS 37.05.316 to Arctic Power for promoting Arctic energy issues. The administration will look for a more effective approach to meeting the intended purpose of this expenditure.

Section 41(d)(27), page 54, lines 12 - 14, proposes to reappropriate the unexpended and unobligated balance, estimated to be \$1,200,000, made in sec. 10, ch. 29, SLA 2008, page 32, lines 9 - 11 (Department of Administration, AOGCC reservoir depletion studies prior to major gas sales - \$1,500,000) to the Alaska Housing Capital Corporation account. These funds should stay with the Department of Administration, AOGCC, for the intended purpose of critical reservoir depletion studies rather than be redirected to the Alaska Housing Capital Corporation account.

Section 41(d)(91), page 60, lines 6 - 8, proposes to reappropriate the unexpended and unobligated balance of the appropriation made in sec. 1, ch. 18, SLA 2014, page 50, lines 20 - 22 (Department of Education and Early Development, Alaska digital teaching initiative three-year demonstration project - \$4,000,000) to the Alaska Housing Capital Corporation account. This reappropriation duplicates that made in sec. 21(a); therefore, for clarity, I am vetoing this item (but not the appropriation made in sec. 21(a)).

Section 41(d)(92), page 60, lines 9 - 11, proposes to reappropriate the unexpended and unobligated balance, estimated to be \$120,000, made in sec. 1, ch. 18, SLA 2014, page 56, line 3, and allocated on page 56, lines 6 - 8 (Department of Military and Veterans Affairs, armory facilities projects, Joint Base Elmendorf-Richardson facilities projects - \$2,350,000). These funds should stay with the Department of

Military and Veterans Affairs for the intended purpose rather than be redirected to the Alaska Housing Capital Corporation account.

My administration will continue to work with the Legislature to develop budgets to keep the State's fiscal position strong, our prospects bright, and Alaska a vibrant northern hub of activity and development.

Sincerely,
/s/
Bill Walker
Governor"

COMMUNICATIONS

The following memorandum dated August 25, 2015, was received from Patty Rose, Legal Editor, Division of Legal and Research Services and was distributed to all legislators:

"On February 10, 2015, the Legislative Council adopted an amendment to the Manual of Legislative Drafting to remove the authority for legislators to prefile bills as joint prime sponsors. To implement the change, the "Official Heading; Sponsors" section is amended as follows:

OFFICIAL HEADING; SPONSORS

On page 9, delete the following paragraph:

Under an amendment approved by Legislative Council on February 19, 1993, if "two or more members of the same house prefile identical bills or joint resolutions and wish to jointly sponsor one of them, they may do so." All members so joining must agree. This amendment provides that they would become joint prime sponsors of the first measure prefiled. The other measure or measures would then be withdrawn. In addition, two or more members of the same house may jointly request a measure for prefile.

The "Official Heading; Sponsors" section, as amended, is set out in the attached addendum to the Manual of Legislative Drafting.

The Division of Legal and Research Services will make additional conforming amendments to remove other references to "joint prime sponsors" in the 2017 edition of the Manual of Legislative Drafting."
