

HOUSE JOURNAL
ALASKA STATE LEGISLATURE
THIRTIETH LEGISLATURE
FIRST SESSION

Juneau, Alaska

Wednesday

March 8, 2017

Fifty-first Day

Pursuant to adjournment the House was called to order by Speaker Edgmon at 10:35 a.m.

Roll call showed 38 members present. Representatives Gara and Seaton were absent.

The invocation was offered by the Chaplain, the Reverend Melissa Engel of Douglas Community United Methodist Church. Representative Wilson moved and asked unanimous consent that the invocation be spread on the journal. There being no objection, it was so ordered.

In deepest respect for the religious beliefs of each person here, I invite you into a time of prayer and reflection. Let us pray.

Loving Spirit, I humbly pray to you today for transformation—to transform my heart. I pray for the transformation of my heart to be more kind, more compassionate, and more patient. I pray for the transformation of our communities; that we be more kind, more compassionate, and more patient with each other. I pray for the transformation of the world; that we be more kind, more compassionate, and more patient with our neighbors.

God, I pray blessings of love and patience on these legislators today. That they strive toward kindness, compassion, and patience in their relationships with each other to reach beyond

the boundaries of political parties to work toward the common good for all Alaskans. I also pray these blessings on their relationships outside of the House of Representatives.

All of this I pray in your Holy name. Amen.

The Pledge of Allegiance was led by Representative Millett.

CERTIFICATION OF THE JOURNAL

Representative Tuck moved and asked unanimous consent that the journal for the 49th and 50th legislative days be approved as certified by the Chief Clerk. There being no objection, it was so ordered.

was read the first time and referred to the State Affairs and Finance Committees.

HB 162

HOUSE BILL NO. 162 by the House Rules Committee by request of the Governor, entitled:

"An Act relating to criminal and civil history requirements and a registry regarding certain licenses, certifications, appeals, and authorizations by the Department of Health and Social Services; and providing for an effective date."

was read the first time and referred to the Health & Social Services and Judiciary Committees.

The following fiscal note(s) apply:

1. Zero, Dept. of Health & Social Services
2. Zero, Dept. of Public Safety

The Governor's transmittal letter dated March 7 follows:

"Dear Speaker Edgmon:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the criminal history, civil history, and establishing a civil registry for certain individuals or entities that are licensed or certified by the Department of Health and Social Services.

There are hundreds of individuals and entities that provide medical assistance and other services to Alaskans in need through individual assistance or group living homes. Many of the people qualifying for assistance are ill, elderly, or disabled. We must make sure that those providing services to these individuals are qualified to do so; that qualification includes assurance that an individual's or entity's past background does not reveal behaviors inconsistent with the safe care of our vulnerable citizens. Recognizing this need, the Legislature enacted statutes (AS 47.05.310 - 47.05.390) in 2005 to centralize and formalize the process by which the Department of Health and Social Services (Department) conducts criminal background checks for entities and individuals who seek to be licensed providers or who are paid, in whole or in part, by the Department to provide services to

individuals in the Department's care and custody. Additionally, the 2005 legislation authorized the Department to create a centralized registry (that my bill would rename the civil registry) so the State could rely on certain civil findings to bar persons from owning, operating, and being an administrator of certain licensed facilities. Over the ensuing years, certain gaps in the statutes have become apparent. This legislation is designed to clarify and amend current statutes to fix those gaps. The changes proposed by the bill ensure proper application and fairness under the system.

This bill would make amendments to the criminal background statute (AS 47.05.310), removing substantive references to the centralized civil registry under AS 47.05.330 to alleviate confusion, inconsistencies, and redundancy between the statutes. These amendments would further clarify that individuals as well as entities may request a criminal and civil history background check. These amendments would also remove language that the Department of Health and Social Services is a criminal justice agency as unnecessary to accomplish the background checks needed.

The bill would add a new section to AS 47.05, establishing a civil history check statute that mirrors the criminal background check statute, primarily to clarify that the same individuals would be subject to review and possible bar, depending on the results of their background check under the centralized civil registry. This statute would further clarify what type of civil findings would prohibit an individual or entity from obtaining a license and would establish procedures for an individual or entity to request an exception or variance, or to request that incorrect information in a registry be addressed in a written finding.

To simplify and more accurately set out the centralized civil registry, the bill would repeal and reenact AS 47.05.330, providing for the identification of a civil registry. The Department would identify by regulation each register the Department would review to identify the names and certain civil events that would preclude someone from being allowed to own, operate, be employed by, or be paid by the State to provide medical assistance services.

The bill would add an important new provision as AS 47.05.360, establishing that a person could seek a variance from being allowed to own, operate, be employed by, or be paid by the State to provide services due to a condition identified as part of a criminal or civil history background check. If the request for a variance was denied, a person could seek review in superior court.

This bill makes amendments to AS 47.17.040, clarifying that the confidential child protection registry would contain substantiated findings of abuse or neglect. The amendment would further clarify that this information can be used for licensing both in and out of this state and confirms the due process protections before placement on the central registry.

Another gap addressed is to AS 47.32.090, allowing the Department to investigate an employee, contractor, or volunteer of a licensed entity and, if conduct that did not comply with licensing standard is substantiated, place the employee, contractor, or volunteer on the civil registry. Currently State law only allows the Department to investigate and issue findings against an entity, not against individuals who work for the entity.

Additionally, changes were made to AS 47.32.150(b), allowing a person subject to a civil fine as an enforcement action to have the right to appeal the fine. The bill would allow the Department to share, on a confidential basis, licensing information with a law enforcement agency upon request, further strengthening protections for vulnerable citizens. The bill would also address limitations in current law that limit sharing and access to the Divisions of Public Health and Public Assistance by amending AS 47.32.190 to allow any division of the Department that is responsible for licensing to share and gather information in order to implement the protections of AS 47.32, centralized licensing. This change is needed because licensing is done by the Office of Children's Services, Division of Health Care Services, and Division of Public Assistance. This amendment simply allows those divisions who are responsible for licensing to share and access information to implement this chapter without reference to specific divisions. This provides the Department with flexibility to implement the chapter when they make organizational changes in the future.

This bill will improve the background check process and protect our vulnerable citizens. Additionally, it will add the necessary safeguards to allow persons to challenge or request a variance from the provisions that would otherwise bar individuals from certain employment. In order to protect vulnerable Alaskans yet offer due process and confidentiality protections to individuals, I am transmitting this bill and urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker

Governor"

HB 163

HOUSE BILL NO. 163 by the House Rules Committee by request of the Governor, entitled:

"An Act authorizing the Department of Public Safety to enter into agreements with nonprofit regional corporations and federal, tribal, and local government agencies to provide law enforcement services; authorizing the Department of Public Safety to collect fees for certain law enforcement services; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

The following fiscal note(s) apply:

1. Zero, Dept. of Administration
2. Indeterminate, Dept. of Public Safety

The Governor's transmittal letter dated March 7 follows:

"Dear Speaker Edgmon:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill authorizing the Department of Public Safety to enter into agreements with and collect fees from nonprofit regional corporations and federal, tribal, and local government agencies to provide law enforcement services.

The State's current fiscal crisis has forced many agencies to reevaluate how they allocate their limited resources. In particular, the Department of Public Safety has been forced to reduce its Trooper presence in some areas. Under current law, the Department of Public Safety does not have the ability to enter into contractual agreements with communities to provide continued law enforcement services. This requires many of these areas to consider procuring alternate law enforcement services. The bill would allow nonprofit regional corporations and governmental agencies to contract with the Department of Public Safety and pay for Trooper presence in their area. This will not only have a positive effect on public safety in those local areas, but will also allow the Department to better allocate resources in order to continue to provide basic law enforcement services statewide. This bill would limit contracts to communities that currently lack an organized police force.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker
Governor"

HB 164

HOUSE BILL NO. 164 by the House Rules Committee by request of the Governor, entitled:

"An Act relating to the protection of vulnerable adults and residents of long term care facilities."

was read the first time and referred to the Health & Social Services and Finance Committees.

The following fiscal note(s) apply:

1. Zero, Dept. of Health & Social Services
2. Zero, Dept. of Revenue

The Governor's transmittal letter dated March 7 follows:

"Dear Speaker Edgmon:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the protection of vulnerable adults and residents of long term care facilities.

This bill would amend provisions of AS 47.62, Office of the Long Term Care Ombudsman, to ensure alignment with 42 U.S.C. 3058(g) (Older Americans Act of 1965), as amended by S. 192, P.L. 114-144, (Older Americans Act Reauthorization Act of 2016), and implementing regulations, 45 C.F.R. Part 1327. The bill would also amend certain provisions of AS 47.24 (protection of vulnerable adults).

Under current State law, if a report of abuse or neglect of an older Alaskan is made directly to the Office of the Long Term Care Ombudsman, the Ombudsman is required to provide the report and the results of the Office's investigation to the Department of Health and Social Services (DHSS). This mandate potentially conflicts with federal requirements precluding the Ombudsman from disclosing the report unless there is consent; this bill would clarify that the Ombudsman may provide a report of abuse to DHSS, but only if the vulnerable adult provides consent to do so. The bill also would clarify that DHSS has the responsibility to investigate all reports of harm it receives regarding vulnerable adults and that DHSS may transfer reports to the Ombudsman for additional assistance in resolving any issues for residents in long term care facilities. The Ombudsman also would have discretion to investigate and resolve complaints for residents of facilities who are younger than 60 years of age, consistent with federal law.

Under current law, the Ombudsman may not disclose the person's identity without the consent of the identified person or the person's legal guardian, unless required by court order. Amendments, consistent with federal law, would allow the Ombudsman to disclose the person's identity for purposes of making a referral to an agency if the person or the resident representative is unable to provide consent and if certain other conditions are met. The bill includes a definition of "resident representative" consistent with federal regulations.

This bill also amends AS 47.24 as it relates to the Department of Health and Social Services' handling of reports of harm to older

Alaskans and the investigation of the reports. Additionally, it clarifies where reports of harm are to be lodged within DHSS.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Bill Walker

Governor"

HB 165

HOUSE BILL NO. 165 by Representatives Parish and Kawasaki, entitled:

"An Act relating to hiring for positions in state service based on substitution of military work experience or training for civilian work experience or training requirements."

was read the first time and referred to House Special Committee on Military & Veterans' Affairs and the State Affairs Committee.

HB 166

HOUSE BILL NO. 166 by Representative Parish, entitled:

"An Act establishing a museum construction grant program in the Department of Commerce, Community, and Economic Development."

was read the first time and referred to the Community & Regional Affairs and Finance Committees.
