

SENATE JOURNAL
ALASKA STATE LEGISLATURE
THIRTIETH LEGISLATURE
SECOND SESSION

Juneau, Alaska

Tuesday

January 16, 2018

First Day

Pursuant to adjournment the Senate was called to order by President Kelly at 1:06 p.m.

The roll showed eighteen members present. Senator Hughes was absent. The seat from District E was vacant.

Senator Micciche moved and asked unanimous consent Senator Hughes be excused from a call of the Senate from January 16 through January 19. Without objection, Senator Hughes was excused.

The prayer was offered by the Chaplain, Reverend Nancy Campbell, White Fields Church. Senator Hoffman moved and asked unanimous consent that the prayer be spread. Without objection, it was so ordered.

Dear Heavenly Father,

Great are You, Lord and greatly to be praised! You, Lord, are gracious and full of compassion; slow to anger and great in mercy. You are good to all and Your tender mercies are over all Your works.
(Psalms 145)

My eyes are on You, Lord and I look to You this day to rain Your blessings down from heaven on this Senate. New beginnings as they open this legislative session and strategy for the days ahead. I pray you keep them healthy. You are Jehovah Rophe, the God who heals. I proclaim health here now! Surround this place with your angels and be ever watchful over the

Senators and their families as they serve our state. Be
their shield. Be their rearguard. Keep them safe.
Bless them now, I pray in Jesus' name, Amen.

Senator MacKinnon led the Senate in the Pledge of Allegiance.

Certification

Senator Micciche moved and asked unanimous consent that the journals for the nineteenth through thirtieth legislative days of the Fourth Special Session, the Final Supplement for the Fourth Special Session and Senate Journal Supplement No. 8 be approved as certified by the Secretary. Without objection, it was so ordered.

President Kelly appointed Senator Gardner and Senator Stedman to inform the House that the Senate is ready to do business.

President Kelly appointed Senator Wilson and Senator Begich to inform the Governor that the Senate is ready to do business.

The following message dated January 8 was received, stating:

Dear Senator Kelly:

I am writing to inform you of my decision to resign from the State Senate, effective January 15, 2018.

It has been an honor and privilege to represent the people of Senate District E. I've welcomed this opportunity to be an advocate for their values, and I am proud of what we've been able to accomplish during my five years of service in the Legislature.

I am also grateful for the opportunity to have worked with you and other members of the Senate Majority to advance policies that will benefit Alaska. I recognize that we had significant differences on issues related to the state budget and the Permanent Fund dividend, but I'm convinced that the decisions I made were in accord with the will of my constituents and the best interests of all Alaskans.

Regardless of these differences, I believe we agree on far more issues than we differ. I look back with pride on the successful endeavors of the Senate Majority to promote resource development, oppose a statewide income tax, and reform our education system.

Although these were substantial achievements, I've concluded that unless we see new leadership in the Governor's office, there is a practical limit to what any individual or caucus in the Legislature can do to alleviate the problems, or to capitalize on the vast potential of our great state. I believe the best way I can advocate for my constituents' values and livelihoods is to devote 100 percent of my time to the cause of ensuring that Alaska elects a new Governor.

I communicated my decision on January 6 to the Alaska Republican Party leadership in Districts 9 and 10. I am confident they will select an excellent list of nominees who may be considered to fill out the short remainder of my Senate term.

In closing, I want to thank you for your leadership as Senate President. You helped the Senate navigate through several incredibly complex issues during a difficult period in Alaska's history. I hope there will be many opportunities for us to collaborate again in the future.

Sincerely,

/s/

Michael J. Dunleavy

The following fiscal information was published today:

Fiscal Note No. 1, Department of Administration

Fiscal Note No. 2, Department of Revenue

Governor's transmittal letter dated January 15:

Dear President Kelly:

Under the authority of Article III, Section 18, Constitution of the State of Alaska, I am transmitting a bill relating to taxation of wages and net earnings from self-employment in the state.

This bill would impose a tax on net earnings from self-employment and wages of 1.5 percent for a taxable year. The tax would be capped in a taxable year at the greater of \$2,200 as adjusted for inflation, or two times the amount of the permanent fund dividend distributed to eligible recipients in the previous calendar year.

This bill provides direction on the type of earnings that qualify as net earnings from a source in the state. Further, wages from a source in the state would include wages that are earned while an individual is physically present in the state.

Employers would be required to make and pay to the Department of Revenue withholdings in a manner to approximate the amount of the tax. Through regulation, the Department of Revenue would be authorized to allow withholding to stop when the statutory cap is reached. This protects persons working at multiple jobs, as well as high wage earners.

This bill also provides provisions for payment of taxes, determination of a taxable year, refund of overpayments, reporting of payments to self-employed individuals, and other provisions for efficient administration of the tax.

The bill would establish an Alaska economic recovery tax account in the general fund so that tax revenues received can be accounted for in the tax receipts account; this is in addition to amounts the legislature may wish to appropriate to the account. The bill provides that the legislature may appropriate to capital projects from the economic recovery tax account; the tax account is not a dedicated fund, but a way to better track tax receipts and spending on capital projects.

The tax would be in effect from January 1, 2019, to July 1, 2021. This short period would allow time for the state to receive revenues sufficient to meet critical state needs and avoid falling further into debt and facility disrepair. I will continue to work with you to develop a stable fiscal plan to carry us into the future.

This tax is a simple and efficient measure to address our state's budget shortfall. I urge your prompt and favorable action on this measure.

Sincerely,

/s/

SB 140

SENATE BILL NO. 140 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations, including capital appropriations, and other appropriations; and providing for an effective date."

was read the first time and referred to the Finance Committee.

Governor's transmittal letter dated January 15:

Dear President Kelly:

I am transmitting a bill entitled the Alaska Economic Recovery Act.

The Act includes \$386 million in fiscal year (FY) 2019 capital appropriations, of which \$98 million will be supported by federal funds, and \$280 million with unrestricted general funds. The Act will put Alaskans to work, address the State's and communities' growing deferred maintenance liability, and provide confidence to Alaska businesses and investors.

The Act focuses on the maintenance needs of schools, the university, and State facilities. It also provides for critical infrastructure upgrades and community and housing support. These much-needed investments in Alaska's economy will be supported through a limited payroll tax proposed in a separate bill.

The Walker Administration looks forward to working with the Legislature to pass this bill and put Alaskans to work.

Thank you for your consideration of this bill.

Sincerely,

/s/

Bill Walker
Governor

SB 141

SENATE BILL NO. 141 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act relating to a biennial budget; relating to the salary and per diem of members of the legislature and the governor; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, zero, Office of the Governor

Governor's transmittal letter dated January 15:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to a biennial budget, and to the salary and per diem of members of the legislature and the governor.

First, this legislation would require the Legislature pass a budget by the deadline set by the Alaska public in 2006—the 90th day of a session. The consequence for not doing so: beginning on day 91 of the legislative session, legislators would forfeit per diem and their salaries would be withheld until a budget is passed. Second, the Governor's salary would be withheld for as long as he or she is late in submitting the budget bill to the Legislature and the public after the December 15 statutory deadline.

Finishing budget work on time is critical. Delays in passage of the Alaska budget have significant public consequences. For example, issuance of motor vehicle licenses and public assistance payments may be delayed. School districts are faced with funding uncertainty and are forced to send pink slips to teachers and staff. State agencies are required under the provisions of collective bargaining agreements to submit layoff notices to each public employee in anticipation of a government shutdown. The Alaska Marine Highway System can't publish the ferry schedules in a timely fashion. Economic consequences include uncertainty over time-sensitive fisheries openings, potential delays in issuance of resource development permits, and the list goes on and on.

This legislation would incentivize the Alaska Legislature and Governor to finish their budget work on time yielding significant benefits including ensuring the uninterrupted delivery of service to the Alaska public, more certainty for school districts, and improved state and local employee morale.

This legislation also proposes converting Alaska's budget process from annual to biennial. The Governor would be required to introduce an operating, capital and mental health budget in the first session of each two-year legislature that provides funding for the coming two fiscal years. The Legislature would pass a two-year budget by day 90 of the first session. During its second session, the Legislature would be able to focus on policy bills with far less time devoted to supplemental spending and budget amendments.

The benefits of a responsible biennial budget would be significant, including more efficient use of the Legislature's time by avoiding long, drawn-out budget battles every session, avoiding the temptation to use the budget as a bargaining chip, providing fiscal stability by reducing uncertainty about longer term funding levels, improving employee morale by avoiding pink slips, allowing longer-range fiscal planning for state and local government, and shifting agency and legislative staff time from budget preparation to financial management, program results and policy development and implementation.

While Alaska will face challenges without a sound and comprehensive fiscal plan, biennial budgeting would lay the groundwork for a longer-term view on spending and help us focus on a fiscal plan that provides stable, predictable revenues.

At the federal level, congressional leaders, including Speaker of the House Paul Ryan (R-WI), have proposed moving the federal budget from annual to biennial; they assert that this would lead to more reasoned deliberation and would allow for increased congressional oversight.

In summary, the combined changes proposed in this legislation would have significant public benefits and would allow the Governor and the Legislature to complete their work on time and effectively in the interest of all Alaskans. I urge your prompt and favorable action on this measure.

Sincerely,
/s/

SB 142

SENATE BILL NO. 142 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations, including capital appropriations, supplemental appropriations, reappropriations, and other appropriations; making appropriations to capitalize funds; and providing for an effective date."

was read the first time and referred to the Finance Committee.

Governor's transmittal letter dated January 15:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's capital budget for Fiscal Year 2019 (FY 2019).

The proposed capital bill totals \$1.3 billion, of which \$1.0 billion will be supported by federal funds and \$150.1 million with unrestricted general funds, with the remaining amount from designated general funds and other funds. The budget prioritizes annual federal match programs, housing, energy, maintenance, and information technology investment.

This minimal capital budget will be the norm until a comprehensive fiscal plan is adopted. The largest component of the capital budget is the State's transportation program, totaling \$909.7 million, which is largely federally funded. Earnings on the Power Cost Equalization Fund provide resources for renewable energy projects. Key information technology upgrades include retirement and benefits, and the State's primary enterprise information system. Health and social services eligibility systems are included, supported primarily by federal and other funding sources.

The Walker Administration looks forward to working with the Legislature to finalize a FY 2019 capital budget.

Thank you for your consideration of this bill.

Sincerely,
/s/

SB 143

SENATE BILL NO. 143 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

was read the first time and referred to the Finance Committee.

In accordance with AS 37.14.003(b) a report of the differences between the Governor's proposed budget and the recommendations of the Alaska Mental Health Trust Authority was transmitted.

Governor's transmittal letter dated January 15:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's comprehensive mental health program for Fiscal Year 2019 (FY 2019). As required by statute, it includes both operating and capital appropriations. Also as required, the enclosed report outlines the differences between the recommendations of the Alaska Mental Health Trust Authority and my proposed budget.

The total FY 2019 mental health budget of \$231.9 million represents a \$13.8 million increase from FY 2018. The FY 2019 budget includes \$16.9 million of the Trust's \$17.5 million operating budget recommendations and \$12.4 million of the Trust's \$14.8 million capital budget recommendations. These amounts are in addition to \$201.8 million of annual base funding. The mental health operating budget reflects changes to the Medicaid program, and salary and health benefit adjustments. Reports comparing Trust recommendations to those included in the FY2019 Governor's operating and capital mental health budgets are available at:

https://www.omb.alaska.gov/ombfiles/19_budget/PDFs/FY2019_MH_Reports.pdf

The State's fiscal situation requires all areas of government to maximize efficiencies. The Trust's encouragement and support of Medicaid and criminal justice reform have had a positive impact on the state. Moving forward, a comprehensive fiscal plan that addresses State revenue will help ensure the sustainability of programs that support Alaska's mental health beneficiaries. We look forward to working with the Legislature to finalize the FY 2019 budget bills and address revenue solutions.

Thank you for your consideration of this bill.

Sincerely,

/s/

SB 144

SENATE BILL NO. 144 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act making appropriations for the operating and loan program expenses of state government and for certain programs; capitalizing funds; amending appropriations; making supplemental appropriations; making appropriations under art. IX, sec. 17(c), Constitution of the State of Alaska, from the constitutional budget reserve fund; and providing for an effective date."

was read the first time and referred to the Finance Committee.

Governor's transmittal letter dated January 15:

Dear President Kelly:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the State's operating budget for Fiscal Year (FY) 2019.

The Walker Administration's FY 2019 operating budget, capital budget, and related legislation are designed to fix broken processes, invest in our future, and put Alaska on a path to stability and prosperity.

Our proposed operating budget is up less than one percent compared to FY 2018. It does not include cost-of-living wage increases, and continues to reduce the government workforce. The budget includes \$50 million in specific cost saving and efficiency measures which offset some inflation growth and reduces the real size of government.

This year's transparent agency operating budget is \$4.0 billion. This represents an increase of \$22.5 million from FY 2018 and a decrease of \$475.4 million from FY 2015. The budget maintains key services such as public safety, education, and support to local communities. It maximizes federal funding opportunities to support Alaskans and the Alaska economy.

The budget includes revenue language consistent with the legislation passed in both chambers to provide funding from the earnings reserve to the general fund. It also provides for a Permanent Fund Dividend estimated to be \$1,216 per person. While we stand ready to assist the Legislature in adopting a broad-based tax to completely close the fiscal gap, this budget requires continued withdrawals from reserves and aggressive containment of upward cost pressures.

My administration looks forward to working with the Legislature on the FY 2019 budget and related revenue measures to provide a long term balanced budget.

Sincerely,

/s/

Bill Walker
Governor
