BY REQUEST OF THE GOVERNOR, entitled:

"An Act making special appropriations from the earnings reserve account for the payment of permanent fund dividends; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

Governor's transmittal letter dated January 15:

Dear President Giessel:

Under the authority of Article III, sec 18, of the Alaska Constitution, I am transmitting a special appropriations bill that authorizes the payment of unpaid dividends, which came as a result of executive and legislative action, in 2016, 2017, and 2018. The transfer occurs over the next three fiscal years. The bill also authorizes the transfer for the payment of the Permanent Fund Dividend Program for the fiscal years ending 2020, 2021, 2022, and 2023.

The Permanent Fund Dividend program was established in 1980, to allow all Alaskans to benefit directly from Alaska's mineral and investment wealth. For years, the Alaska State Legislature, through a carefully balanced statutory formula has assured a dividend payment that keeps the Permanent Fund on healthy financial footing, while at the same time, benefitting the mineral owners – Alaskans.

The past three years, Alaskans have not received the full ownership value of their mineral wealth share. Instead, either through executive or legislative action, the dividend payments have been less than the statutory formula directs. I intend to follow the law and take restorative action to the unpaid portions of the permanent fund dividends from 2016, 2017, and 2018 to eligible individuals.

Also, in order to restore the trust of Alaskans, I am seeking the authorization for the next four fiscal years for the transfer of funds and the payment of dividends per the statutory formula that has been used

since the first dividend check was issued in 1982. This is a clear signal to Alaskans that we will not pick and choose which laws to follow. We will honor the law and will fund the dividend program as the law is written.

As the State of Alaska is coming to terms with balancing revenue with expenditures in our annual budgets, I want Alaskans to know that we are not going to deny them their ownership share of Alaska's mineral wealth. I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Michael J. Dunleavy
Governor

SB 24

SENATE BILL NO. 24 BY THE SENATE RULES COMMITTEE
BY REQUEST OF THE GOVERNOR, entitled:

"An Act directing the Department of Revenue to pay dividends to certain eligible individuals; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Revenue

Governor's transmittal letter dated January 15:

Dear President Giessel:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill that directs the payment of the unpaid amounts of the 2016, 2017, and 2018 Permanent Fund dividend. The payment of the unpaid amounts would be distributed to eligible individuals over the next three years. I believe that this action will correct an error that resulted in a decreased dividend.

The Permanent Fund Dividend Program was established in 1980, to allow all Alaskans to benefit directly from Alaska's mineral and investment wealth. For years, the Alaska State Legislature, through a carefully balanced statutory formula, has assured a dividend payment that keeps the Permanent Fund on healthy financial footing, while at the same time, benefitting the mineral owners, Alaskans themselves.

The past three years, Alaskans have not received the full value of their mineral wealth ownership share. Instead, either through executive or legislative action, the dividend payments have been less than the statutory formula directs. I intend to follow the law, and take restorative action to pay the unpaid portions of the Permanent Fund dividends from 2016, 2017, and 2018 for all eligible individuals.

Eligible individuals will be determined by the receipt of a prior year's dividend and the eligibility for a current year's dividend. An individual eligible for the 2016 unpaid dividend is a person who received the 2016 dividend and is eligible for a 2019 dividend; an individual eligible for the 2017 unpaid dividend is a person who received a 2017 dividend and is eligible for a 2020 dividend; and an individual eligible for the 2018 unpaid dividend is a person who received a 2018 dividend and is eligible for a dividend in 2021.

As our economy faces a recession, and our unemployment rate is one of the highest in the nation, the payment of the unpaid amounts of the 2016, 2017, and 2018 dividends, distributed over the next three years, can significantly contribute to improving Alaska's economy. It will restore the trust of Alaskans that we will follow the law and the statutory formula that has been used since the first dividend check was issued in 1982. I urge your prompt and favorable action on this measure.

Sincerely,

/s/
