**Introduction and Reference of Senate Bills****SB 123**

SENATE BILL NO. 123 BY THE SENATE RULES COMMITTEE BY REQUEST OF THE GOVERNOR, entitled:

"An Act establishing the Alaska energy independence program and the Alaska energy independence fund in the Alaska Industrial Development and Export Authority; and providing for an effective date."

was read the first time and referred to the Labor and Commerce and Finance Committees.

The following fiscal information was published today:

Fiscal Note No. 1, Department of Commerce, Community, and Economic Development

Fiscal Note No. 2, Department of Commerce, Community, and Economic Development

Governor's transmittal letter dated April 8:

Dear President Micciche:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the Alaska Energy Independence Fund.

This legislation amends AS 44.88 to establish the Alaska Energy Independence Fund within the Alaska Industrial Development and Export Authority (AIDEA).

AS 44.88.450 – 44.88.456 provides AIDEA with the ability to receive private and public funding, manage the fund and arrange affordable financing for defined sustainable energy developments to suit Alaska's unique energy needs, particularly with regard to addressing urban and rural energy requirements.

Alaska's total energy expenditures per capita of \$8,060, \$5.8 billion per annum, is the third highest in the country and is nearly double the national average of \$4,291. The Alaska Energy Independence Fund is designed to make a meaningful economic development and fiscal impact as it gains scale and adoption throughout Alaskan communities. A reduction in total energy expenditures by Alaskans provides a tangible reduction in Alaska's cost of energy and allows Alaskans to redeploy energy savings back into Alaska's economy to drive incremental GDP growth.

The Alaska Energy Independence Fund would be established to make loans, provide credit enhancement structures, purchase loans, provide development funding and other forms of financing for sustainable

energy development in Alaska's residential, commercial, and industrial market sectors. The Alaska Energy Independence Fund would make capital more accessible to borrowers for clean energy projects and incentivize co-investment in Alaska's emerging clean energy sector between the public sector, Alaska's financial sector, and private investors. This bill would take effect January 1, 2022, to provide time to develop the program and ensure a successful and robust launch.

Please join me in acting to provide this pathway to create new jobs and businesses, decrease commercial and household energy costs for redeployment in Alaska's economy, and increase Alaska's energy independence.

Sincerely,

/s/

Mike Dunleavy

Governor

## **Consideration of the Calendar**

### **Second Reading of Senate Bills**

#### **SB 40**

SENATE BILL NO. 40 "An Act relating to veterans' benefits services and veterans' benefits appeal services" was read the second time.
